SENIOR CITIZENS TOWER APARTMENT will be located in the east two-thirds of the 500 block, Ludington St., and clearing of the site is underway today with removal of the former Olson Transportation Co. building at Ludington and 5th Sts. The \$2,600,000 project to provide housing for the elderly

of low income is financed by a federal grant to be repaid over a period of 40 years. The 18-story building will house 176 persons and will be completed in the spring of 1970, according to Blumenfeld & Rakita, Milwaukee, the developers. (Aerial Photo by Dick Wiles for Lee's Studio.)

Railroad Union Okays Contract

WASHINGTON (AP) — The railroad industry and the signalmen's union, negotiating under threat of government intervention, have reached agreement on a new contract, averting a crippling nationwide rail strike.

With the Nixon administration poised to seek a congressionally imposed settlement in the event of a strike negotiators for the industry and the Brotherhood of Railroad Signalmen announced Sunday they had agreed on an 18-month contract.

The announcement came with less than a day to go before today's 6 a.m. strike deadline and after around-the-clock negotiation sessions. The contract actually won't go into effect until ratified by the union's 10,000 members, who vote later this

week. Details of the agreement were not released.

If a strike had been called and the other rail unions refused to cross signalmen picket lines, it would have been the second nationwide shutdown of the industry in two years.

The 1967 strike, called by six rail unions, resulted in Congress passing a law requiring the two sides to reach agreement in 90 days or face a congressionally imposed contract.

Labor Secretary George P. Shultz indicated last week he would seek similar legislation in the event of a strike this year. "The government simply isn't going to tolerate a national railroad strike," he said.

An administration study put together to bolster government arguments for congressional intervention, reportedly argued that a countrywide rail strike would have dire economic consequences.

Affect Millions
The study reportedly found that besides the 137,000 railroad

employees that could be affected, a weeklong strike would have put about 1 million other people out of work. A two-week shutdown would have pushed the figure up to 1.5 million, with a three week strike resulting in 3 million workers off the job.

The major stumbling block to a contract had been union demands for an extra pay for skilled workers retroactive from July 1, 1968 and an additional skill differential to be effective next July 1.

A White House emergency board also had recommended the two sides agree to a total wage boost of 8.5 per cent to be spread out over the contract period.

Signalmen, who install and maintain switching and cross signals, averaged \$3.26 an hour under the old contract.

Announcement of the contract with the signalmen came on the same day that a five-day strike by the United Transportation Union ended against the Illinois Central Railroad.

Flood Waters Hit Lacrosse

By The Associated Press

Thousands of persons remained homeless today as swollen Midwestern rivers continued their spring rampage.

Flood levels receded along the Big and Little Sioux rivers in the Dakotas and Iowa, and along the west and east forks of the Des Moines River in North Central Iowa and adjoining Minnesota.

The Souris River posed a second threat to Minot, N.D., where 3,000 persons had already been evacuated in the wake of a 17-foot crest which hit the city of 35,000 last Thursday.

Army engineers estimated another 4,000 would have to leave their homes before Wednesday when a 22-foot crest is expected.

Residents of Fargo, N.D., along the Red River, which flows north between North Dakota and Minnesota, braced for a crest by midweek predicted at 38.5 feet—21 feet above flood level.

At least 3,000 persons were homeless in Minnesota and the drowning of four persons Sunday brought the number of flood-related deaths in that state to seven.

The Mississippi was not expected to crest at St. Paul until later this week, but water flowed Sunday through one of the city's suburbs and the Burlington Railroad and the Milwaukee line discontinued service to the Minneapolis-St. Paul area.

Downstream on the Mississippi, some 60 families were evacuated from Lacrosse and Prairie Du Chien, Wis. The Mississippi also climbed over flood stage today at East Dubuque, Ill., and neared the flood mark at Dubuque, Iowa.

Honorary Heads

LANSING (AP) — Three top state Democrats have been named honorary chairmen of the party committee working against deployment of antiballistic missiles. They are Secretary of State James Hare, Atty. Gen. Frank Kelley and Senate Minority Leader Sander Levin, D-Berkley, former state party chairman.

Meany Critical
In spite of an unusual secrecy order by Meany AFL-CIO sources said privately that he is critical of Nixon's planned budget cuts in urban and other domestic programs. Meany is said to feel the 10 per cent income surtax and recent credit-tightening moves already were slowing the economy.

The labor men were described as seeking assurance from the invited government participants that the lid won't be clamped so tightly on government spending and private borrowing that workers are squeezed out of jobs.

"We want to make sure the whole administration gets the message that labor will not tolerate using unemployment as a weapon against inflation," one AFL-CIO official said.

Domestic Squeeze
President Nixon has given his personal assurances to that effect. He sent a letter to the AFL-CIO executive council meeting in Florida last month saying: "We must find ways to curb inflation, which robs working men and women and their families of hard-earned gains. And we must do this without asking the wage earners to pay for the cost of stability with their jobs."

Meany praised Nixon's statement. The aerial battle erupted at 11:30 a.m., shortly after guns rumbled along the waterway for the eighth consecutive day. An Israeli Army spokesman said the Egyptian army wounded

Scientists Find Clue To Staying Healthy

ATLANTIC CITY, N.J. (AP) — Scientists have found a clue to the mystery of how you stay alive and healthy despite attacks by billions of germs and viruses.

Their achievement, announced today, might help in building better defenses against diseases. And it might also assist in combating nature's law that your body should reject a borrowed heart, kidney or other organ.

Scientists of the Rockefeller University in New York City have spelled out, for the first time, the complete chemical structure of an antibody.

Antibodies are protein molecules that destroy or eliminate anything foreign to you as an individual—whether it be bacteria, a virus like the one which causes Hong Kong flu, or even a transplanted heart that you desperately need.

Any such foreign substance is known as an antigen. The antibody formed against it is thus a

key chemical in immunity, nature's defensive mechanism.

And, it turns out, an antibody plays a double function.

Part of it recognizes the foreign "something" or antigen in the dark interior of the living body when they touch. Once it locks in on the antigen, the rest of the antibody acts as a policeman to neutralize the invader.

The feat of determining the exact chemical structure of an antibody was reported by Prof. Gerald M. Edelman at opening sessions of the Federation of American Societies for Experimental Biology.

"We believe that we are now closer to a satisfactory explanation of the chemical and genetic bases for the immunity process," he said.

Tech Hockey Player Drowns

CHASSELL (AP) — Mark Kesler, 19-year-old Michigan Technological University hockey player, either forgot—or just didn't bother to fasten his life-jacket—and the mistake cost him his life in the swollen waters of the Sturgeon River near Chassell.

Kesler was a 155-pound senior at Detroit's Benedictine High when he became the first recipient of the Governor Romney Trophy in the International High School Hockey League two years ago.

He drowned Saturday while his companion, Ed Schultz of Fraser, swam to safety.

The two had been fishing from a canoe. They were dumped into the water when the canoe was caught by the swift current. "I had my life jacket on," said Schultz. "Mark had his around him in the canoe but he hadn't buckled it..." The body was not recovered.

Same Drivers Collide Again

PHOENIX CITY, Ala. (AP) — The autos of two men collided again Sunday on the same highway, on the same day of the week and 15 months after their first accident. This time one of them was killed.

Authorities said Francis H. Patterson, 65, of Seale, Ala., died six hours after his car collided head-on with a car driven by Sammy Brown Jr., 28, of Phenix City.

The two men, who apparently did not know each other, first collided on a Sunday morning in December 1967, on the same road four miles south of the site of the second collision. Neither man was injured that time, police said.

Israeli, Egyptian Jets In Battle Over Suez Canal

JERUSALEM (AP) — Israeli and Egyptian jets battled high above the Suez Canal today while artillery and tank fire boomed across the waterway.

The Israelis claimed they shot down an Egyptian MIG-21.

Fighting engulfed the southern end of the 103-mile waterway after the Egyptians opened up with tanks, artillery and light arms, an Israeli spokesman said.

Cairo Radio said one Egyptian plane was forced to make an emergency landing on Egyptian territory. It claimed the Egyptians shot down one Israeli plane and damaged another, but the Israeli spokesman said all the Israeli planes returned safely to their bases.

Challenge Hussein
The aerial battle erupted at 11:30 a.m., shortly after guns rumbled along the waterway for the eighth consecutive day. An Israeli Army spokesman said the Egyptian army wounded

two Israeli soldiers.

The spokesman said a group of Egyptian MIGs crossed the canal and flew over the Israeli-occupied Sinai peninsula.

Israeli jets intercepted them, and one Egyptian fighter was hit, he said. He reported that it was seen to fall into Egyptian territory.

The pilot was seen to parachute from the plane, the spokesman added.

It was the first air clash along the canal since March 8, when an Egyptian jet was shot down in a dogfight between Israeli and Egyptian fighters. Since then there have been frequent artillery duels across the canal, many of them started by the Egyptians, and nine Israelis have been killed and 38 wounded.

In Jerusalem, meanwhile, Foreign Minister Abba Eban challenged King Hussein of Jordan to bring his peace proposals

to the negotiating table. Eban said that until the Arabs negotiate face to face with the Israelis, all such plans are only "public relations and polemics."

Must Want Peace
"The National Press Club is no substitute for the negotiating table," Eban said, referring to the Jordanian monarch's speech last week in Washington in which he outlined his six-point peace plan.

He said Israel is alert for any sign of "a genuine wish for peace on the part of the Arab states."

"If Hussein wants peace with Israel, he should have no trouble achieving it," Eban added.

Commenting on Hussein's promise that Israeli shipping could use the Suez Canal and the Gulf of Aqaba, Eban said: "Nonbelligerence is more than freedom of navigation."

He said Hussein would have to

Anti-Inflation Braking Too Fast: Labor Warns Nixon

Hijacks Plane; Pays For Drink

MIAMI (AP) — A quartet of sky pirates—including one who quietly read his Bible and one who ordered Scotch at gunpoint—engineered the year's 23rd airline hijacking to Cuba, returning passengers and crew said Sunday.

And as small comfort to Pan American World Airways which must bear the estimated \$10,000 tab for a hijacking, stewardess Janet Hoffman demanded and got 50 cents for the hijacker's drink.

"He handed me a dollar, and I gave him back 50 cents and he smiled," she said.

The 84 passengers and seven crew of the San Juan-to-Miami flight reached here aboard the jetliner some four hours after its forced stop in Havana.

The pilot, Capt. George Dox, said the pirates surrendered two guns and a hunting knife to the two Cuban militia men who met the plane at a Havana airport.

Radio Havana described the hijackers only as "four individuals."

The hijacking raised the number of passengers and crew who have been aboard airliners diverted to Havana this year to 1,739.

Today's Chuckle

A man has less courage than a woman. Imagine a man with 15 cents in his pocket trying on seven suits in four different shops.

Weather

ESCANABA AND VICINITY—Increasing cloudiness and a little warmer today, high near 60. Rainy and warmer tonight, low 46. Rain ending tomorrow and continued mild, high 60. Wednesday's outlook: cloudy and mild. Winds will be east to southeast at five to 12 mph today and tonight and east to northeast at 10 to 20 mph Tuesday. Precipitation probabilities: today, 20%; tonight, 60%; Tuesday, 70%. The highest temperature yesterday was 50 and the overnight low was 35.

Upper Peninsula — Mostly cloudy this afternoon with occasional rain likely tonight and Tuesday. Highs this afternoon will be mostly in the 60s with lows tonight 40 and highs Tuesday 56 to 62.

Congress Returns: Demos Blame Nixon For Inactivity

WASHINGTON (AP) — President Nixon sketched for Congress today the broad outlines of a domestic program that will be coming along in bits and pieces, including a bid for bigger Social Security benefits, a crackdown on crime and a fairer tax system.

In a sort of substitute State of the Union message, the President said that the administration is seeking "to redirect the course of the nation."

He called again for continuation of the income tax surcharge, higher postage rates and other steps to attack what he termed "the ruinous rise of the inflationary pressure."

He said, too: "Another priority is the control of crime."

Equally pressing priority, he said, goes to the "problems of the cities."

Nixon promised vigorous and innovative programs to combat hunger and malnutrition, reform the welfare system and make a more orderly attack on social problems instead of the

present "hodge-podge of programs piled on programs."

The President also put renewed emphasis on enlisting private enterprise and voluntary support of the people in "combatting the nation's ills."

The lawmakers have few solid accomplishments to point to in the session's first three months. In fact, the 11-day Easter break was the second such vacation since Congress convened Jan. 3. But most leaders, particularly among the Democrats, have blamed the inactivity on the lack of proposals by Republican Nixon.

This roadblock will be broken to some extent Tuesday when the Budget Bureau releases an agency-by-agency breakdown of Nixon's revised \$192.9 billion budget.

More of the President's amendments to the \$195.3 billion budget submitted last year by President Johnson are expected during the week.

Actually, even with some of Nixon's proposals in hand, there

isn't expected to be much major floor action in either chamber. Most of the work will be in committees, where hearings have been called to deal with such domestic controversies as the administration's closing of 59 Job Corps centers, cigarette advertising, tax reform.

Hearings on the poverty program by the House Education and Labor Committee will give Job Corps supporters a chance to oppose plans to close the centers. The Senate subcommittee on poverty legislation takes up the subject Friday.

The House Commerce Committee starts hearings Tuesday into dozens of proposals on cigarettes. One would permit the present limitations on the Federal Communications Commission to lapse, so that agency could carry out its announced intention to ban cigarette advertising on radio and television. Other proposals would stiffen the mandatory health warning on cigarette packages.

The House Banking Committee also opens hearings Tuesday on proposals to curb expansion of bank-controlled conglomerates.

After today's final public hearings on tax reform, the House Ways and Means Committee goes into executive session to begin putting together its proposed reform of federal tax laws.

Recommendations from the Nixon administration were scheduled for presentation Tuesday, but won't be ready until April 22. Included is a proposed ceiling on tax advantages available to high income taxpayers.

Only secondary matters are expected to be discussed on the floor of either chamber this week.

MEA Lifting Ecorse Sanction

LANSING (AP) — The Michigan Education Association has announced the lifting of sanctions imposed on the Ecorse School District, Wayne County, on June 28, 1966.

The imposing of such sanctions means the Association recommends that members not take jobs at the school district. Such a recommendation is circulated throughout the Midwest.

Meany Critical Of Budget Cuts In Urban Areas

WHITE SULPHUR SPRINGS, W.Va. (AP) — An unusual closed-door meeting between some of the nation's top union leaders and high Nixon administration officials opened today with a labor warning that the President may be pulling too hard on the anti-inflation brakes.

George Meany, president of the AFL-CIO, called the three-day conference between leaders of his federation and the administration officials to discuss labor fears that some government acts to fight inflation may result in increasing unemployment.

Attending the meeting were Treasury Secretary David M. Kennedy, Secretary of Labor George P. Shultz; Paul W. McCracken, chairman of the Council of Economic Advisers, Budget Director Robert P. Mayo and White House counselor Arthur F. Burns.

In spite of an unusual secrecy order by Meany AFL-CIO sources said privately that he is critical of Nixon's planned budget cuts in urban and other domestic programs. Meany is said to feel the 10 per cent income surtax and recent credit-tightening moves already were slowing the economy.

The labor men were described as seeking assurance from the invited government participants that the lid won't be clamped so tightly on government spending and private borrowing that workers are squeezed out of jobs.

"We want to make sure the whole administration gets the message that labor will not tolerate using unemployment as a weapon against inflation," one AFL-CIO official said.

President Nixon has given his personal assurances to that effect. He sent a letter to the AFL-CIO executive council meeting in Florida last month saying: "We must find ways to curb inflation, which robs working men and women and their families of hard-earned gains. And we must do this without asking the wage earners to pay for the cost of stability with their jobs."

Meany praised Nixon's statement. The aerial battle erupted at 11:30 a.m., shortly after guns rumbled along the waterway for the eighth consecutive day. An Israeli Army spokesman said the Egyptian army wounded

Expect Verdict In Chicago Trial

CHICAGO (AP) — A verdict was expected today in the marathon trial of 13 persons arrested on disorderly conduct charges during the Democratic National Convention last August.

The case may help resolve a basic constitutional question: When may police limit the exercise of rights, guaranteed by the First Amendment, to freedom of speech, assembly and dissent?

The trial was held before Magistrate Arthur L. Dunne of Circuit Court.

The penalty could range up to a fine of \$500.

During final arguments April 8, City Prosecutor Camillo Volini characterized the defendants as "highly idealistic personalities, quite naive, well-intentioned and self-righteous about how they were going to save constitutional rights for every person in the country."

Volini said the demonstration in which the defendants participated was disorderly and posed "a clear and imminent danger of substantive evil," adding that "police are permitted under those delicate circumstances to impinge upon the First Amendment freedom of expression."

A defense attorney, Thomas P. Sullivan, asserted in his summation that the constitutional right of dissent was suspended in Chicago during the convention, that the demonstration was orderly and that a police ban on rallies near the convention hall was "hurled into the teeth of the Constitution."

PLANNING CALLS FOR many talents. Members of the Michigan-Wisconsin Executive Committee of the Upper Midwest Research and Development Council which sponsored a Rural-Urban Seminar at Eau Claire, Wis., in the weekend included, from left: Ernest Ronn, United Steelworkers, Negaunee, chairman; B. W. Reeve, president of Lake Shore, Inc., Iron Mountain, and Ray Gummerson, natural resource agent of Michigan State University, Marquette. (Daily Press Photo)

Big City Migration Changes Lakes Area

By JEAN WORTH
EAU CLAIRE, Wis.—Should government move to stem the great migration of people from the country to the big cities, and, if it should, how should it go about it?

This was the topic for a seminar here for the Upper Great Lakes States which drew participation and special interest from the Upper Peninsula of Michigan, which has been strongly affected by the migration.

The seminar was sponsored by the Upper Midwest Research and Development Council, on whose Michigan-Wisconsin executive committee the Upper Peninsula is represented by Ernest Ronn of the United Steelworkers, Negaunee; B. W. Reeve, president of Lake Shore, Inc., Iron Mountain, and Ray Gummerson, natural resource agent of Michigan State University, Marquette.

Much of the discussion described the present condition of the people in the Upper Lakes States and expressed concern for the changes that the migration to the cities have brought.

Several speakers saw a deterioration of society in the small communities and country because they had not been able to match the income scale of the big cities, not been able to keep their young people as a better educated leadership class, and had even had a backward migration of poor people and low income people to the country because they didn't have the means nor the mental quickness to cope with city competition for jobs.

Counterbalancing this to some degree, but not greatly yet, is a condition in which the big cities are becoming less attractive as places of work and residence because of their disorders and deterioration and a great increase in the comforts and pleasures of country living.

Result Of Success
The seminar participants rather generally agreed that:
1. Any program dealing with the rural-urban migration should have as its aim the development of people to the full extent—in city or country.

TAX SHELTERED INCOME . . .

You may accumulate funds for retirement on an income tax-sheltered basis if you take advantage of the opportunity offered to self-employed persons under the Keogh Act (H.R.19). For helpful information with no obligation, just complete and mail the form below.

Yes! I am interested in learning how the Keogh Act might benefit me.

Name

Escanaba, Michigan 49829
or Phone 786-3331

2. Poverty is at the heart of the migration problem. A million persons a year have left the country for the cities for the past 25 years and 40 per cent of those still in the country are in the poverty class.

3. The success of agriculture (a few supplying man) has caused the problem "and we don't want to change that."

4. Incentives to a viable rural

Reactions

The Rural-Urban Seminar discussions brought reaction including the following:

The migration to the big cities is a natural thing and an unnatural change in it won't be easy.

The cities have always been more attractive and advantageous than the country.

If the country is to be made more competitively attractive it must be provided with more job opportunities, perhaps using the government as an "employer of last resort," that is, an agency that will hire you when no one else will.

Our great aim now should be to preserve the quality of the country.

We talk always about our problems and not our gains. Our troubled system still is the wonder and envy of the world.

economy can come only with a change of thinking in Washington, which has no qualification for a solution now.

Rural Viewpoint

5. While the Upper Great Lakes Resource Development Commission works for decentralization, its sponsor, the federal government (Department of Agriculture) works for centralization.

6. Are we sure the new population distribution is poor? Wouldn't an exchange of population destroy the rural areas' open landed esthetics which now make them attractive to the cities.

7. Farmer outlook from the time when 70 per cent of the people lived on farms (instead of 5 per cent as now) still prevails in the country, which is reluctant to accept zoning or other changes from the "I'll take care of my own property," concept.

Want It Unsettled

8. Rising costs are going to force consolidations of governments.

9. The strength of the migration forces are indicated by the decision of many to remain farmers and then almost immediate change out of conventional farming to increase income (work off the farms, etc.)

10. The big cities don't want the Northern areas settled; they want them put back into woods

and reserved for their use as a recreation area.

11. "The big cities control the situation because they control the legislatures." (Actually, the situation is economically impelled and probably beyond strong government control.)

Society Shipping?

12. The social atmosphere of rural areas is going downhill. "They live cheaply and try to get by without large income and they attract low income people who lower the community standards, and the elderly who contribute nothing but welfare costs and who object to all progress."

13. It's an evolving situation and it isn't going to be solved now.

14. Land use control has a serious problem in infringement of private property rights.

15. Our industrial establishment is responsible and well intentioned and knowledgeable about the migration to the cities. It wasn't always socially conscious, but it is today and we don't have to legislate its regulation in this matter of co-operation with helpful distribution of the population.

Our Outlook

16. Industry has gone to the cities and aggravated the urban imbalance because its labor and markets were there. "Northern Wisconsin isn't going to get a lot of heavy industry because it lacks these things."

17. Government makes it procurements almost all in big city areas.

18. "The Northern Great Lakes Area on migration is pretty bleak." The future of its tax base will be second homes on its lakeshores.

Stambaugh Native Given Promotion

EAST LANSING (AP) —State Police Cpl. Peter R. Basolo of the Civil Defense Division at East Lansing, has been promoted to sergeant, Director Frederick Davids announced. Basolo, a native of Stambaugh, joined the State Police in 1955.

American Indians were often referred to as "non-citizen nationals" until an act of the United States Congress made them full citizens.

U.P. Bottle Club:

Collectors Plan Regional Show

The excitement, adventure, and historical interest that accompanies the hobby of collecting old bottles was shared by a group of about 40 persons from the central Upper Peninsula meeting at the Escanaba Chamber of Commerce building Sunday afternoon.

The meeting was an outgrowth of interest in a recent program on early-day bottles presented to the Delta County Historical Society by Mrs. Robert Ham of Escanaba. She is a member of the American Bottle Collectors Association.

Mrs. Ham informed the group

on sources of information about early-day bottles, including George McKearin's book on Early American Glass and the famed Corning Glass Co. museum and collection.

Bottle collectors from a considerable portion of the central U.P. attended the meeting, coming from National Mine, Munising, Marquette, Stoughton, Stephenson and other communities. They exchanged information and indicated their interest in continuing meetings on a Peninsula-wide basis.

Mrs. Ham distributed to the group printed materials available to persons interested in the bottle collecting field, and noted that one of the persons attending had reported finding in the U.P. a "Pike's Peak" commemorative flask — one of the rarities among historical flasks.

People from high school age to retirement years were represented at the meeting, indicating the wide interest in the topic of bottle collecting. While digging of bottles is one method of discovery, many bottles are found on the surface of the ground.

Because of the high interest evident at the meeting and the greater than expected response, a U.P. bottle show and exchange is being considered.

When a date and place are scheduled there will be further announcement and the public will be invited.

Driver Ordered To District Court

Otto Reinholdson Jr., 38, of Rte. 2, Rapid River, was charged with driving under the influence of liquor Sunday by State Police.

Troopers said he was arrested about 8:30 p.m. Sunday on U.S. 2 and 41 in Wells Township. He will appear in District Court on the charges.

State Police also said Dale Kidd, 17, of 415 S. 18th St., and Carl F. List, 17, of 302 N. 12th St., have been ordered to appear in District Court on charges of being minors in possession of beer. They were arrested Saturday, officers said.

GOV. WILLIAM MILLIKEN and Prentiss M. Brown, chairman of the Mackinac Bridge Authority, joined forces to sell Miss Mary Cauhorn, the Governor's appointments secretary, a \$15 book of scrip good for 10 passenger car bridge crossings. Miss Cauhorn, a graduate of Northern Michigan University at Marquette, is a solid prospect.

Tom Cowden Is No. 2 Ag Chief

Dr. Thomas K. Cowden, dean of Michigan State University's College of Agriculture and Natural Resources, has been named assistant U.S. secretary of agriculture by President Nixon.

Dr. Cowden, 60, had been dean of MSU since 1954. His predecessor in that post was Dr. Clifford M. Hardin, now U.S. secretary of agriculture.

As assistant secretary of agriculture for rural development and conservation, Dr. Cowden will be in one of the policy making positions for the U.S. Department of Agriculture.

The position ranks directly under the secretary and the under secretary. There are three other assistants: for international affairs and commodity programs, consumer and marketing services, and administration.

A native of Pennsylvania, Cowden received the Ph.D. from Cornell University in 1937 and an honorary Doctor of Agriculture degree from Purdue University in 1966.

He has been a professor of agricultural economics at Pennsylvania State and Purdue Universities; director of research, American Farm Bureau Federation; and chairman, Department of Agricultural Economics at MSU.

One In Hospital After Accident

One of four persons injured in a two-car traffic accident Sunday night remained at St. Francis Hospital this morning.

Gerald Luedke, 27, of 1403 Washington Ave., driver of a car which collided with a car driven by Keith Lehman, 18, of 1315 N. 18th St., was reported in fair condition at the hospital.

Lehman and two passengers in his car, Laura Bajanen, 13, of Milwaukee and Sandy Collins, 15, of 1012 Washington Ave., were treated at the hospital and released.

State Police of the Gladstone Post said the two cars collided about 11:45 p.m. at the intersection of U.S. 2 and 41 and Main St., Wells. Investigation is continuing.

Troopers ticketed Lawrence Messer, 49, Rock, for making an unsafe start after he backed his car into a parked car owned by Hayden Micheau, Rock. The accident happened on M-35 in Rock, officers said.

Traffic summonses over the weekend were issued to James Musick, Nahma, careless driving; Edward Perkins, Gwinn, speeding; Martin Heikkinen, Cornell, speeding and excessive noise; Rick Sisson, 302 S. 16th St., speeding; Donald Brosco, 1st Ave., N., Escanaba, no operator's license; Elroy Palmgren, Bark River, no registration plates on vehicle; Ormal Posenke, Rte. 1, Escanaba, failure to stop for stop sign and no operator's license; Julie Serban, 227 N. 10th St., no operator's license; Gerard Clark, Box 108, Escanaba, no operator's license, and Carl Nantelle, 110 1st Ave., S., Escanaba, defective brakes.

Dental Care In New Concept Shown On ETV

MARQUETTE — A new concept in dental care, preventive dentistry on a community level, will be examined at 8 p.m. Tuesday when WNMN-TV, Northern Michigan University's educational television station, presents "An Ounce of Prevention."

Other featured programs this week:

A study of the University of Pennsylvania's equitable solution of campus dissent at 7:30 tonight.

The 25th anniversary year of Bela Bartok's "Concerto for Orchestra" at 9:30 tonight.

Thwarted liberalization in Portugal, a gold rush in Laos, and a look at the regime of Haiti dictator Francois Duvalier at 7:30 p.m. Wednesday.

Mexican painter Rufino Tamayo's art at 8 p.m. Thursday. Discoveries that are revolutionizing astronomy at 7 p.m. Friday.

"Next Time I'll Sing to You," a drama by James Saunders at 9 p.m. Friday.

Nurse Director Is Appointed

Appointment of Mrs. Forrest (Mary) Henslee, 311 Ogden Ave., as director of nursing for the new Medcenter at Doctor's Park was announced today by Joseph Heller, Medcenter administrator.

Mrs. Henslee will assume her new duties Monday, April 21. Heller said construction on the 59-bed facility is proceeding on schedule and that first patients are expected to be admitted about June 9.

Mrs. Henslee, a graduate of the Jewish Hospital of Nursing, Cincinnati, O., has had nursing experience at Jewish Hospital and at St. Francis Hospital. Until last summer, she also had been employed in the office of Dr. Arno Whipple in Escanaba. She is the mother of three children.

She has been active with the Newcomers Club, the Escanaba Women's Club and the St. Francis Hospital Auxiliary, serving as president of all three organizations.

Obituary

FRANK ROMAIN

Funeral services for Frank Romain were held at 2 p.m. Saturday at the Bark River Bible Chapel with the Rev. Walter Nordin and the Rev. Arthur Carlson officiating. Burial was in the Bark River Cemetery. Pallbearers were Clarence and Leonard Olson, John Holland, Peter Christensen, Algot and Oscar Erickson.

Scrip Replaces Bridge Charges

ST. IGNACE — Prentiss M. Brown, chairman of the Mackinac Bridge Authority, reported that the publication and sale of books of scrip to replace all charge accounts for Mackinac Bridge crossings have been an outstanding success in the first three months of operation.

"When the bridge fares were slashed 60 per cent on Jan. 1, it was the Authority's decision to eliminate the costly and time-consuming charge account-plate operations," said Brown.

"The Authority has maintained two types of charge procedures. The first was originally inaugurated with the opening of the bridge and was controlled completely by the Authority. During the 11 years of operation, in which an average of \$25,963 per month was charged, for a total of \$3,479,653, the Authority encountered bad debt losses of only \$800.50.

"The second type of charge operation began about three years ago when Michigan Bankard offered to install its system without cost or financial risk to the Authority. It was an excellent promotion for the Authority, but in order to be fair to all charge account companies, the Authority was obligated to install other charge plate systems meeting the standards established for Michigan Bankard. Obviously, more than two or three such systems would cause problems at the fare booths.

"The books of scrip, containing \$15 worth of tickets made up of five \$1.50 tickets, five \$1 tickets, and five 50c tickets, are sold usually through the mail and primarily to large trucking and other commercial concerns. There is no time limit on the tickets which are transferrable and acceptable out of the book.

Lake Superior To Be Lowered

SAULT STE. MARIE — Lake Superior, which has been flooding its banks and acting like a spoiled child for the last nine months, is going to be cut down to size, starting this week.

"We're going to open all 16 gates in the St. Mary's rapids compensating dam to relieve the abnormally high level of Lake Superior as soon as ice conditions allow," said C. A. Aune, area engineer for the United States Army Corps of Engineers and director of Soo locks operations.

Aune said that he and John Bouchard, representing the Canadian locks, would recommend to the international Lake Superior board of control when the gates should be opened. He said that if the gates were opened too early, the extra rush of water might cause ice jams and floods in areas downstream from Sault Ste. Marie.

Unless some dramatic weather changes occur within the next few days, Aune said, the ice should be sufficiently dissipated to allow opening of all 16 gates in the dam across the St. Mary's rapids. This will allow Lake Superior to be relieved of floodwaters at the rate of about 125,000 cubic feet per second.

Lake Superior flooding has been a problem since last August. At that time, all 16 of the gates in the compensating dam were opened, but the high water level above the locks continued.

Normally, the gates are closed in early winter when the normal level of Superior drops. However, the water continued high, and the gates remained open until late December. At that time, all but three gates were closed, but the winter water level drop in Superior failed to materialize. In February, three more gates were opened.

Lake Superior is the only one

of the Great Lakes whose level can be controlled.

Shutting off the Lake Superior flow has never been attempted or required, but there are times when all 16 gates in the dam are opened to lower Superior's level, and there have been times, as long as three years in a row, when Superior has been so low that only half of one gate in the dam has been allowed open.

Briefly Told

Public high school religion will be held at 7 p.m. Wednesday at Holy Name High School.

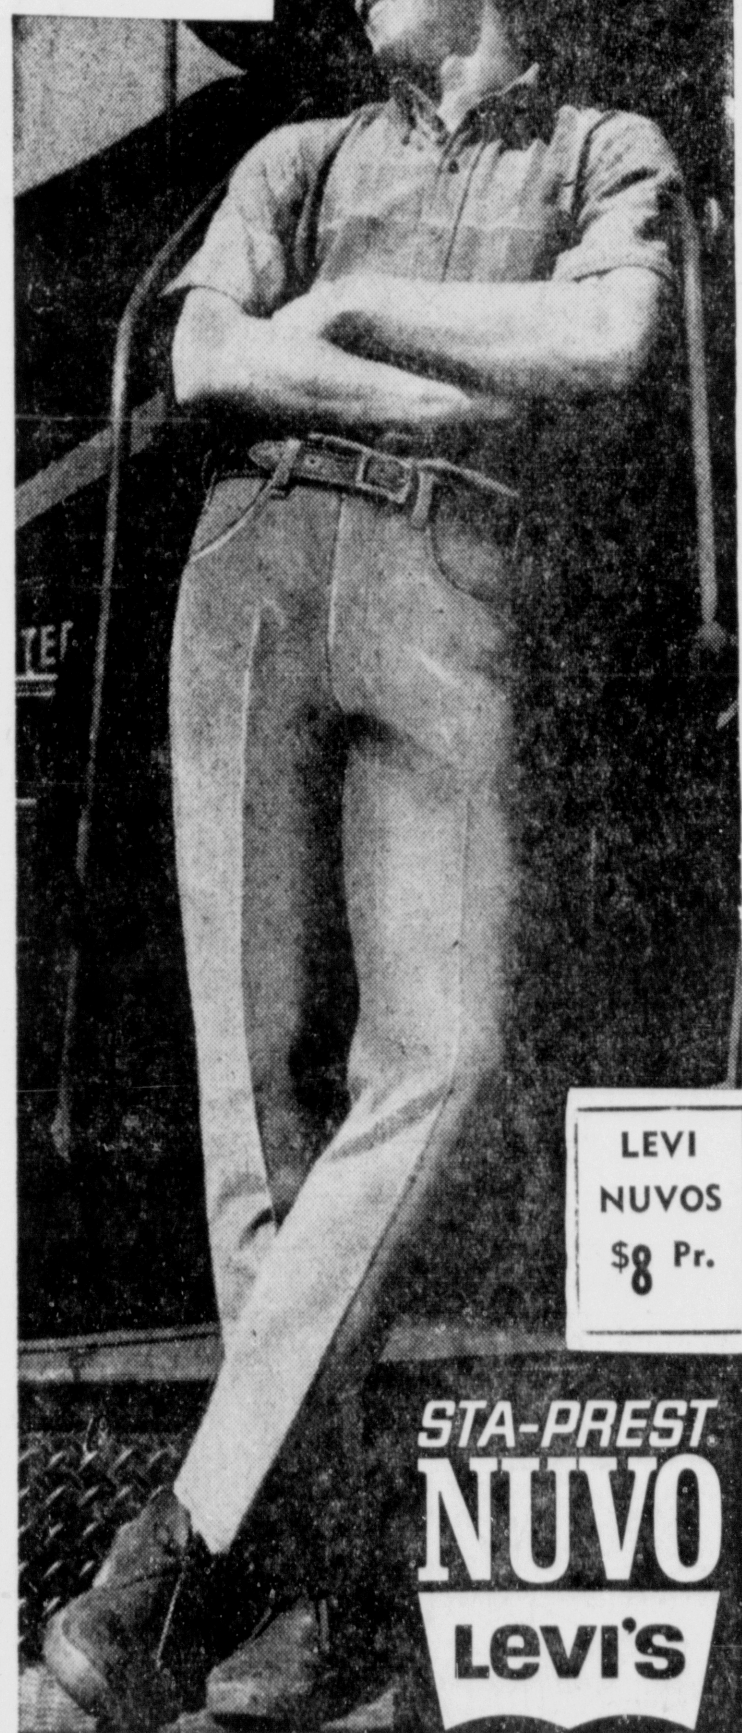

A car driven by Eileen Johnson, 17, Rte. 1, Escanaba, struck a deer Saturday, State Police reported. She was not injured.

Larceny of a radiator from a pickup truck owned by William Krouth, Brampton, is under investigation by State Police. The radiator was taken from the truck while it was parked in Krouth's yard, officers said.

Two movies—"African Village" and "Calgary's Jubilee Stampede"—will be shown to residents of the Bishop Nea home in the home's main library at 7 p.m. Thursday through arrangements with the Carnegie Public Library in Escanaba. Dr. Vernon Lang and William Coon will present the films. Two other movies—"Italy" and "West To The Mountains"—will be shown Thursday, April 24.

YOUR
INSURANCE
QUESTIONS

QUESTION: A neighbor's oil furnace blew up and saturated their home and furniture with soot and smoke. I understand this damage is covered by the ordinary fire insurance policy and would like to learn if this is correct?

ANSWER: This damage is actually covered by what we call an extended coverage endorsement to a regular fire policy. This coverage is written as a routine matter by most insurance agents these days but you'd better consult a good insurance agent if you're not sure your own fire policy has it.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:

Youth Is Held On Drug Charge

A Green Bay youth, 19, today is in the Delta County jail on a charge of transportation of dangerous drugs, and in District Court here it was being determined whether he will waive extradition for his return to Wisconsin.

He is Harold L. (Clyde) Taylor, who was arrested by Escanaba city police at the request of Green Bay police, and turned over to State Police of the Gladstone post.

The arrest was made at 1:20 p.m. Sunday at a gas station in Escanaba where Taylor has been employed in the 200 block, N. 23rd St. He was taken to jail and in District Court was being given extradition hearing.

Authorities here and in Green Bay had no comment when asked the nature of the "dangerous drugs" allegedly transported by Taylor.

Medicenters To Acquire Drug Firms For Chain

Wallace E. Johnson, chairman of the board of Medicenters of America, Inc., of Memphis, and J. E. Richards, chairman of the board of Tennessee Wholesale Drug Co., of Nashville, announce an agreement in principle has been reached for Medicenters to acquire Tennessee Wholesale Drug Co. and their subsidiary, Alabama Wholesale Drug of Huntsville, Ala. Medicenters are expected to issue shares of its common stock to effect the acquisition. The drug companies will operate under Paramedical Supply Co., a division of Medicenters. It is Medicenters' intention to expand the operations of the two wholesale drug companies to encompass the distribution of surgical supplies as well as drugs.

College Voices Bentley Eulogy

Alvin Bentley was eulogized by Bay de Noc Community College today for his contribution to education.

Acting on the direction of the Governing Board in noting his death, President Richard Rinehart sent words of sympathy from the entire College to the Bentley family. In addition to providing a major scholarship each year for a student at Bay de Noc Community College and all other colleges in the state, Mr. Bentley had made tremendous contributions to education through his leadership and foresight.

President Rinehart commented on his work in the state planning for higher education, his work on the state Constitution, and his membership on the Board of Regents at the University of Michigan; and noted the success of Bay de Noc Community College students who have received the Alvin Bentley scholarship.

Hospital

Mrs. William Rogers of Nahma is a patient at Bellin Memorial Hospital, Green Bay. Her room is 264.

Rotarians To Hear Knowles At Bay April 19

Gov. Warren P. Knowles will be the main speaker and law and order will be the conference topic for the District 622 annual convention of Rotary International in Green Bay April 18-19.

The district is composed of 34 local Rotary Clubs, 19 of them from Northeastern and Central Wisconsin and 15 of them from Upper Michigan cities. All the convention sessions will be held at the Beaumont Motor Inn except for the April 19 banquet meeting at the Hotel Northland, at which Knowles will be the main speaker.

A plenary convention session is scheduled for the afternoon of April 18, a formal convention session on the conference topic is scheduled for the morning of April 19, and the annual business session and election of district officers will be held the afternoon of April 19.

Norman Smith, a Green Bay attorney who is current district governor, said that membership participation in club activities, civic ventures, and in the objective of increasing the respect for law and the stature for law enforcement agencies will be the theme of the convention sessions.

Rotary Anns will lunch at the Hotel Northland April 19. Other activities will include a bus tour of historical sites in the Green Bay area.

Joseph Martin Dies Saturday

Joseph M. Martin, 76, 1019 Wisconsin Ave., Gladstone died late Saturday afternoon following an illness of several months.

He was born Nov. 1, 1892 in Ontario, Canada and came to Gladstone as an infant. He had resided there since that time.

Mr. Martin was a former employee of the Marble Arms Co., retiring Dec. 31, 1957 after 50 years of service. He was a member of All Saints Church and the Holy Name Society.

He is survived by his widow, the former Bertha Burr; one son, William of Appleton and three grandchildren.

Friends may call at the Skradski Funeral Home after 3 p.m. today and parish prayers will be recited at 8 p.m. Funeral services will be conducted at 9 a.m. Tuesday at All Saints Church with Msgr. Matt LaViolette officiating and burial will be in Fernwood Cemetery.

College Editor Pays \$100 Fine

GRAND HAVEN (AP) — The editor of the student newspaper at Grand Valley State College was fined \$100 today for distributing obscene literature.

James Wasserman, 21, of Muskegon, was arrested on the charge Dec. 3 in connection with an issue of "The Lantern" which police charged contained objectionable material.

The college had threatened a court suit over the accusations against Wasserman and the college but decided against it after meetings with local authorities.

PRISONERS SHOUT from behind bars of a Turin prison Saturday during riots that broke out after false rumors spread that guards had killed several prisoners. The 900 rioting prisoners, who set fire to the infirmary and mattresses in the cells, were subdued by police after six hours of turmoil with the use of tear gas bombs. (AP Wirephoto)

Police Attempt To Stop Riot

TURIN, Italy (AP)—Strong police reinforcements from Milan and Genoa massed today for an attempt to crush a two-day riot at Turin Prison.

After an all-night battle, the 900 rioting convicts held control of the prison cellblocks and yard. Guards were penned inside the administrative building. The rioters threw out flaming mattresses, broke through cellblock walls and set fire to some of the buildings. Police fired tear gas to cover firemen sending streams of water into the smoke from points on the walls.

Prison officials said that a hard core of 200 rioters apparently planned to make a stand. They smashed into the prison supply rooms and got provisions, then broke water pipes and filled a reservoir to draw on if the water system was cut off.

Police battled the prisoners for three hours Saturday night and from noon Sunday until this morning. They fought hand to hand, fearing to carry weapons which the prisoners might wrest from them.

Garden Peninsula

Well Child Clinic

Dr. Mary Cretens will hold a Well Child Clinic Thursday, April 17, from 9:30 to 11:30 a.m. at the Community Building in Garden. Anyone wishing an appointment can call the Escanaba Health Department or Mrs. Betty Plante at 644-2748 in Garden.

Community Club

The Community Club will meet at the Fairbanks Town Hall Wednesday evening, April 16, when the Delta County Historical Society's program "The Elliott Letters" will be presented. The program is scheduled for 8 p.m. and all interested persons are invited. "The Elliott Letters" is an illustrated biography of a pioneer Delta County family, the Samuel Elliotts of Sack Bay.

Meany Critical Of Budget Cuts In Urban Areas

(Continued From Page One)

ment. But a new wave of concern went through the labor movement with Nixon's budget announcement on Saturday.

The President reported that sharp reductions in spending would make possible a surplus of \$5.8 billion in fiscal 1970, the highest surplus in 18 years.

The labor men noted, however, that most of the squeezing was on the domestic side of the budget: military cuts totaled \$1.1 billion, domestic cuts \$2.9 billion.

Some of the domestic curtailments are known to affect urban and welfare programs supported by labor.

The doubts about the administration's policy were not put aside by Burns, who said in Washington Sunday he could not promise that efforts to stem inflation would not bring some rise in the unemployment rate.

"All I can say to you is that I am reasonably confident that we can carry through the present policy of slowing down the pace of inflation without a significant increase in unemployment."

Burns was interviewed on CBS's radio-TV program, "Face the Nation."

Stocks Mixed; Active Trading

NEW YORK (AP) — The stock market was mixed in moderately active trading early today, with many investors cautious and on the sidelines.

The Dow Jones industrial average at 11 a.m. was off 0.12 at 933.34.

Among active issues, fractional gains were made by Occidental Petroleum, Roan Selection Trust, Atlas Corp., and Canadian Breweries. Flying Tiger, which is to receive a South Pacific cargo route, rose 2%.

Briefly Told

The theft of an auto owned by Luke Barnes, 217½ N. 9th St., is being investigated by city police. The 1964 Chevelle, dark green, license UF-1088, was reported as missing today.

Delta County Sportman's Club will meet at 7:30 p.m. at the clubhouse. Demonstrations on rifle and shotgun shell reloading will be given. Everyone is welcome.

Shots from deer rifles broke windows in the Town & Country Motors building on Saturday, fired by two young men who have been questioned by city police.

Fred Carlton, 2121 24th Ave. S., reported to police that his automobile had been stolen early Sunday by two youths who drove it to Gladstone and returned it undamaged. Parents of the youths have been notified, city police said.

Two youths who fired shots from 22 caliber rifles over the heads of persons in the Red Buck Archery Range location at the Escanaba ski hill had their rifles confiscated by police Sunday afternoon. Police received complaints from visitors to the area. The boys said they did not see the other persons.

Escanaba police have issued traffic court notices to Stephen L. Janchev, Escanaba Rte. 1, Rodger A. Trotter, 1820 1st Ave. S., Raymond W. Roberts, Jr., 513 Minnesota Ave., Gladstone, James R. Kallio, Gladstone Rte. 1, and Leon J. Sovey, 1320 N. 22nd St., all for speeding; Glen C. Cutcher Jr., Escanaba Rte. 1, and Terry L. Vanlerberghe, 1921 5th Ave. S., both for improper starting.

Pre-Registration For Kindergarten Scheduled Friday

The annual kindergarten pre-registration for the Escanaba Area Public Schools will be held on Friday, Supt. of Schools Luther M. Barrett announced today.

No kindergarten classes are scheduled Friday so teachers will be available to register children expected to enter kindergarten this fall.

Children who will be five years of age by Dec. 1, 1969 are eligible for next year's kindergarten classes. However, if a child has a fifth birthday late in the year, it is often advisable to keep the child out of school for another year, Barrett said. Such a child will be among the youngest in his group throughout his schooling.

Mothers or fathers of children expected to attend kindergarten next year are urged to come to the schools serving their attendance areas sometime Friday during school hours to register their children. At that time, materials concerning the necessary immunizations and other information relating to readying the child for kindergarten will be distributed.

Parents are urged to register their children on this date as information gathered by the school at this time is important to planning for next year, Barrett said.

Israeli, Egyptian Jets In Dogfight Above Suez Canal

(Continued From Page One)

expel "forces of belligerence, regular or irregular, from Jordan, meaning the Arab guerrilla groups based in Jordan.

The king said Sunday he believed the Big Four meetings at the United Nations offered the "last chance" for peace in the Middle East.

Work Quickly

"Unless something is done and done quickly," he said, "I believe the situation will be pretty dangerous."

He appeared on NBC's "Meet the Press."

Hussein also said a "majority" of the Arabs, including the guerrillas, would accept a peace settlement negotiated on the basis of his six points. He said some "improvement" in Israel's prewar boundaries might be possible, but this would have to be negotiated.

Hussein will be guest of honor at a luncheon in New York today given by U.N. Secretary-General U Thant. Also invited were the Big Four's U.N. ambassadors, who scheduled another meeting later in the day in their continuing search for a Middle East settlement.

Leave Migrant Muskrats Alone, Humans Advised

Roving muskrats, searching out new areas to inhabit in their springtime trek, should be given plenty of room to roam — at least they shouldn't be touched or handled, warns the Escanaba police department.

Officers said many bodies of muskrats caught in traffic and killed while crossing streets in the city have been observed, and reports have come from residents about the animals in yards and along sidewalks.

Joseph Vogt, game biologist, Department of Natural Resources, warned that muskrats are belligerent at this season and likely to attack and bite if they are cornered. They are not rabid.

"Don't try to catch or touch time," he advised parents to warn their children.

Masons Plan 87th Reunion For Peninsula

The officers of the four bodies of the Ancient Accepted Scottish Rite of Freemasonry have completed plans for their 87th reunion to be held three Saturdays in a row, May 3, 10 and 17.

The change to three Saturdays is in response to numerous requests from members in various parts of the Upper Peninsula.

The first Saturday, May 3, will be presided over by George D. Winfree of Marquette, Thrice Potent Master of the Marquette Lodge of Perfection; the second Saturday, May 10, will have Howard J. Norton of Marquette, Sovereign Prince of Lake Superior Council Princes of Jerusalem, presiding; and the evening program will be under the control of Keith H. Wangberg of Negaunee, Most Wise Master of Peninsular Chapter of Rose Croix; and third Saturday will have Fritz Wangberg of Ishpeming, Commander-in-Chief of Francis M. Moore Consistory, in charge.

The reunion will conclude with a dinner at 6 p.m. Saturday, May 17 followed by the presentation of the 32nd degree.

ELMER'S SUPER VALU

ANNOUNCEMENT To All Gardens Of Rest Families

We recognize and regret the decision to discontinue the use of floral baskets will be difficult for many people to accept because of the closeness each of us associates with the individual bouquets placed at the resting place of our loved ones.

We also recognize the floral urns are beautiful, however, a cemetery such as the Gardens of Rest Memorial Park, is designed to achieve maximum aesthetic value through uniformity and natural park-like beauty from properly manicured lawns, shrubbery and floral gardens.

The development and maintenance of healthy, full and attractive lawn areas is of major importance.

No matter what landscape, what decorations, what floral baskets may be placed — the over all appearance of the cemetery cannot be satisfactory without good lawns.

It is the plan of the management to expand the floral gardens throughout the cemetery to take the place of the discontinued baskets.

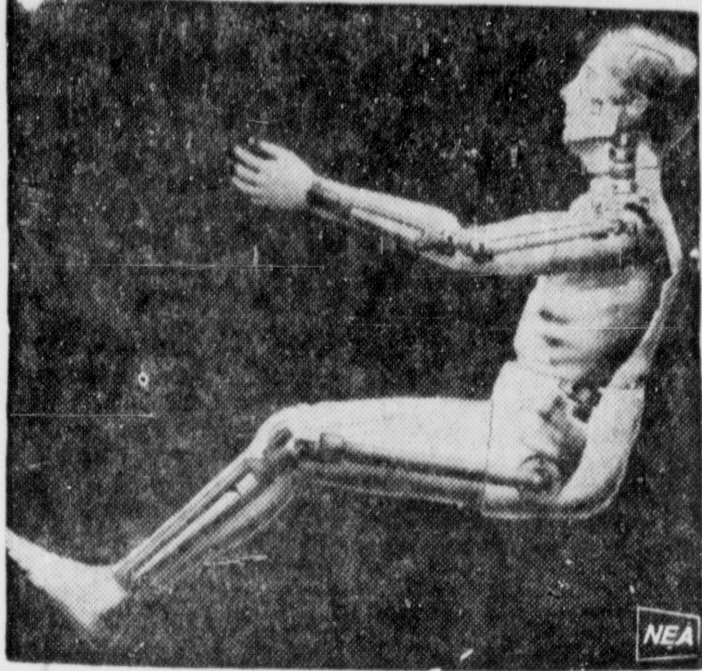

New shrubberies will be added yearly.

The discontinuation of the baskets must be — in order that we may better maintain and upgrade our lawns.

Much of the 1968 fertilizing was lost due to the fact that we could not mow the lawns often enough because of the immense job of moving urns at each mowing.

If you wish to place flowers in a basket or some other suitable receptacle for Memorial Day you may do so. However, all such flowers must be removed by June 8th. Any flowers remaining after this date will be utilized in the various floral gardens throughout the cemetery.

Gardens Of Rest Memorial Park

DOUBLE EXPOSURE shows how "Sophisticated Sam" approximates the skeletal and body structures of human. The new automotive crash test dummy has a breakable skull, a brain sac, pliable chest and imitation abdominal areas to simulate the physical reactions of the human body in vehicular impacts. When bruised or cut, the General Motors dummy's skin discolors and lacerates as a human's.

Development Plan Recalls Old Days On Peche Island

By LEE SMITS

An ambitious plan to develop Peche Island as a real estate project has run into rough weather. The promoters seem confused and it might be possible to acquire the island at a bargain price. Although on the Canadian side of the border, the island is within the Detroit urban area. Over the decades vast numbers of ducks have been shot and tons of fish have been caught on and about the low-lying patch of land. The name, Peche, it is said, means "fishing," perhaps in the language of the original French settlers of the Great Lakes region.

After more than three and a half centuries of intensive exploitation the waterways between Lake Huron and Lake Erie continue to yield an abundance of fish and wildfowl. In the big days of market shooting professional gunners would set out at midnight to take over points on Peche Island — and Belle Isle — and would, if ducks were flying, kill a hundred or more per gun per day, with an occasional Canada goose, also snow geese and blue geese, which the old timers called "brant."

Two main continental flyways converge on the Detroit River, bringing a large percentage of the wildfowl produced on the prairies of the northwest into a funnel so that as long as ducks breed and migrate there will be tens of thousands of them winging south for the winter, north in the spring, pausing to rest and feed on connecting waters of the Great Lakes.

If a sportsman made Peche

Island his headquarters and every day during the open season put out a hundred good decoys from the lower end of the island and put in full time in a shore blind, he would kill a lot of ducks. If he persistently fished in the gravel shoals just above the island he would bring in nice catches of small-mouth bass.

In the olden days Peche Island was used as a fishery by Wolfgang Feller, famous landlord of Wolf's the most famous roadhouse in this part of the country.

In the spring the ice of Lake St. Clair carries down with it rocks of all sizes and, to clear the ground for seining, a net of one-inch manila line was hauled. Eager young Frenchmen heaved at the oars of a big flat-bottom scow, seining rocks and then seining whitefish when the run was on. The whitefish were stripped by Canadian government biologists to stock fish hatcheries.

The French oarsmen never lost their enthusiasm. They were excited to behold the catch enclosed in the first haul of the seine and as the plodding horse at the windlass drew in the last haul of the season, they were just as excited as at the beginning.

Fishing went on all night. The crew was sustained by hearty meals, based on boiled potatoes and boiled whitefish, fresh from ice-cold water. An hour or so pulling an eight-foot oar and no cockpit was needed to sharpen the appetite.

Now and then a sturgeon was

brought in with the whitefish. The French people along Lake St. Clair made caviar which was kept in quart mason jars. A very special kind of salt was required for caviar, and home-made caviar had a very special flavor. The roadhouse price for a frog, fish and chicken dinner was 50 cents, and for regular customers, the dinner was preceded with unlimited caviar.

Of all the legendary sources of fish and game in North America none excelled the stretch of water including the Detroit River. Although the whitefish no longer swarm upstream in the fall, and although federal bag limits prevent the big duck kills, the region is still more fruitful than most people realize. Crafty natives continue to reap substantial harvests of canvasback, bass, pickerel, muskrat, catfish, perch within easy view of Detroit's skyline.

11th Democrats Meet April 26

Ivan Brown, who was recently elected 11th District Democratic chairman, announces a meeting of his Democratic party on Saturday, April 26, at the Fireside Inn on US-2 at Manistique. The meeting will start with a noon luncheon and all Democrats are invited.

Brown said the purpose of the meeting is to lay the groundwork for organizing 11th District Democrats into an effective group. Discussion will be held on the adoption of new by-laws for the organization's governing board which consists of its officers, the chairmen of the 22 committees within the district and the district's representatives to the Democratic Party's State Central Committee.

Brown said that the 11th U.S. District is the largest in the state. It consists of the 15 counties of the Upper Peninsula and 7 below the Straits.

In addition to Brown, who is from Iron Mountain, the officers of the organization include Ann Heinz of Harbor Springs, vice-chairman; Dorothy Lancour of Alpena, recording secretary and Nino E. Green of Gladstone, treasurer.

Fairmont Sales, Earnings Rise

OMAHA, Neb. — Fairmont Foods Co. operations for the year ended Feb. 28, resulted in net sales of \$284,751,531, an eight per cent increase over the previous fiscal year of \$263,534,828, announced S. C. Sherwood, chairman and chief executive officer.

Net income, after taxes, was \$5,396,016, or \$1.27 per Common share, based on the average number of common shares outstanding during the year. Net income for the previous fiscal year was \$5,249,490 or \$1.24 per Common share.

Figures for both 1968 and 1969 have been adjusted to include the results of acquisition, during fiscal 1969, of The Taylor Biscuit Co., Tid-Bit Products Co. and Aloro Food Products Ltd.

Fairmont Foods is a national processor and distributor of dairy and snack food products, and operates a convenience store chain through the southwest and southeast.

Hanna Mining Stock Splits

Stockholders of The Hanna Mining Co., Cleveland, have authorized a 2-for-1 stock split, increasing the number of authorized shares from 4,500,000 to 9,000,000. The split was effective April 11.

They also elected a new director, George A. Stinson, president of National Steel Corp., bringing to 13 the members of the Hanna Mining board. All other directors were re-elected.

The board declared a regular quarterly dividend of 32½ cents per share on the new shares, payable June 12 to stockholders of record May 23. This represents an increase of 30 per cent in the regular quarterly dividend.

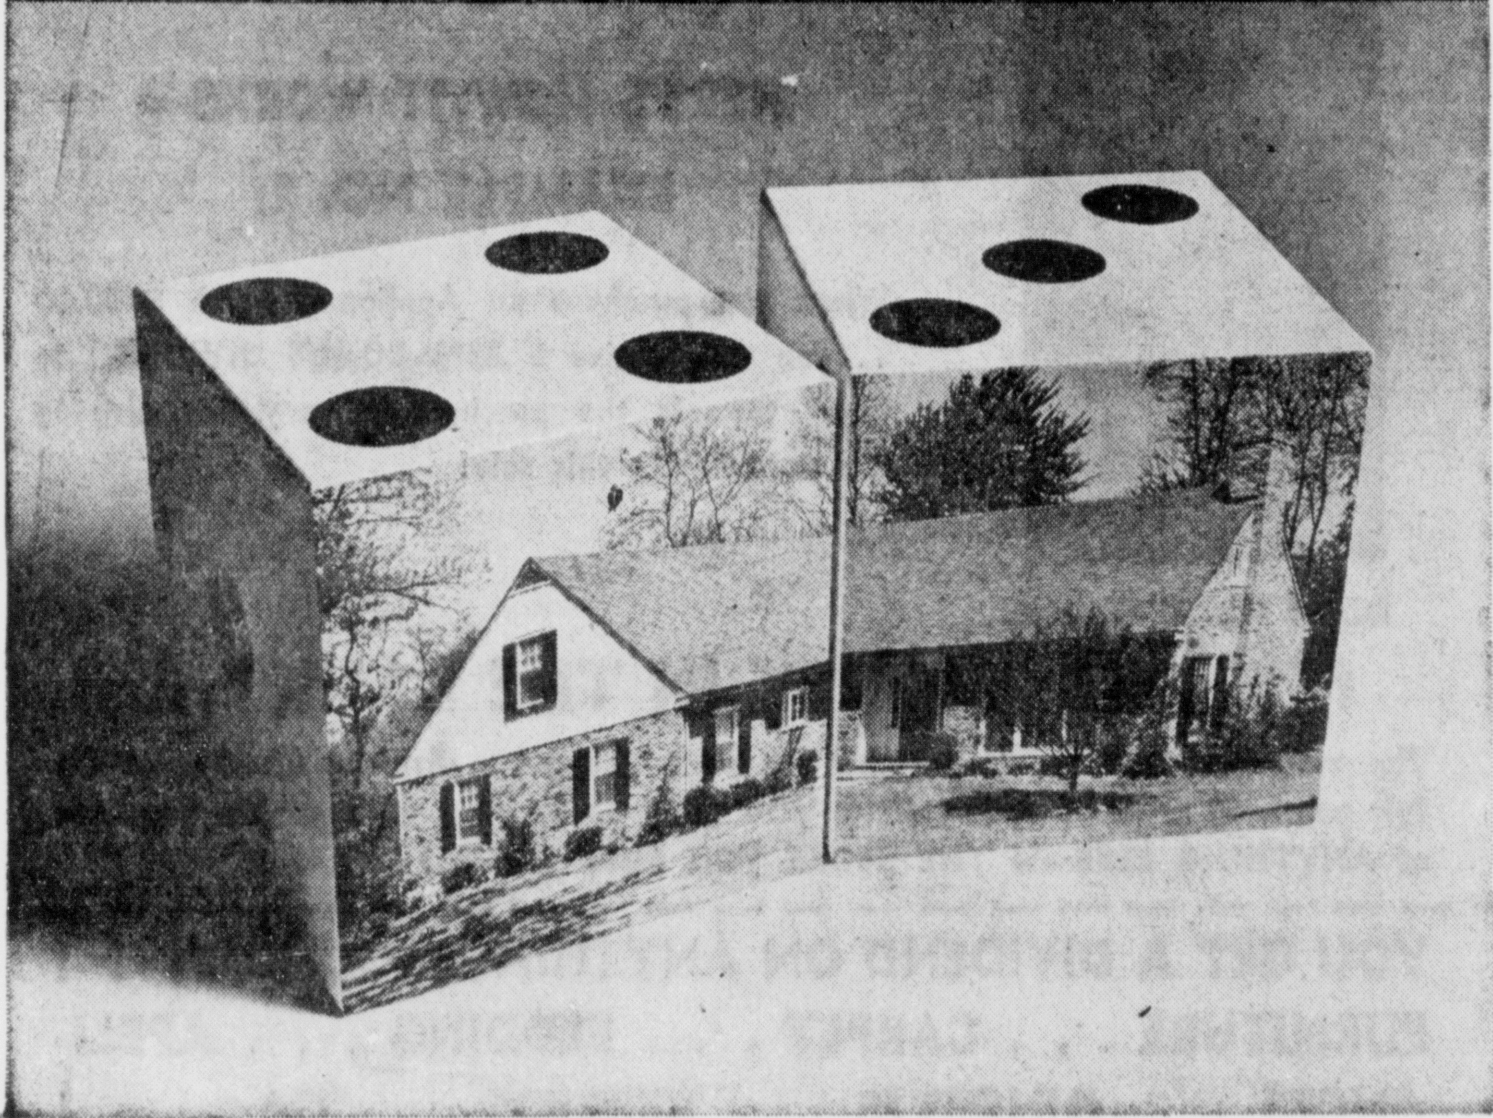

In Service

Airman Jerome D. McRae, son of Mr. and Mrs. Lawrence McRae, 115 S. 5th St., Escanaba, has graduated from a U.S. Air Force technical school at Lowry AFB, Colo. He was trained as a supply inventory specialist and has been assigned to a unit of the Aerospace Defense Command at Homestead AFB, Fla. McRae, a graduate of Holy Name High School, attended Northern Michigan University.

The Benevolent and Protective Order of Elks was founded in New York City on Feb. 16, 1868, by 15 actors and entertainers.

You're a handyman, a house painter, and a grounds keeper when you own a home. And something else, too, if you don't have mortgage insurance.

A gambler.

You wouldn't think of owning a home without covering it by fire insurance. Yet, the chances of your dying before you complete your mortgage payments are 16 times greater than your chances of losing your home by fire.

Why take a chance? Especially when Prudential mortgage insurance can insure so much for so little. It

can guarantee your family the money to pay off every cent of the mortgage if you aren't there. Or, if they rent, money to help pay off the landlord month after month, year after year.

But let your Prudential man show you how much you get and how little you pay. You'll agree that, when it comes to protecting your home, Prudential understands.

Prudential understands! See your Prudential agent, or call:

Corpswomen Provide Easter Treat For Kids

NEWBERRY — The children at the Newberry State Hospital Children's Unit enjoyed a happy Easter this year because of the thoughtfulness of the Corpswomen at the Marquette Job Corps Center.

The thoughtfulness was shown in the form of the contributions which the girls gave to provide Easter candy for some 200 children at the Newberry school.

According to Corpswoman Sherry Lee, who was instrumental in the fund raising, "the girls at Marquette are very interested in helping others. I guess they want to help people as much as they can."

The raising of money for the Easter candy was handled in a very unique fashion. On Tuesday evening, April 1, the dining room of Carey Hall was the scene of a "Slave Auction," with Sherry Lee as the auctioneer.

Center staff members were sold "on the block" to the Corpswomen for various sums of money. A total of \$85 was raised plus another \$40 which the staff contributed. On the following evening the indebted staff members had to perform various tasks for their "Masters."

When the Corpswomen delivered the Easter surprise to Newberry on Friday, April 4, R. L. Johnson, Community Relations director at Newberry, stated, "there are individuals and groups who have donated Easter gifts, but this was the biggest single Easter contribution this year."

People

Mr. and Mrs. Frank Wawirka of Wells have returned home after spending seven weeks in Biloxi, Miss.

Mrs. Warren Vogel and daughters, Barbara, Susan and Tina have returned to their home in Milwaukee after a visit with Mrs. Vogel's mother, Mrs. S. W. Hill 1812 1st Ave. S. who was a patient in St. Francis Hospital. She is now convalescing at her home.

Beth Bartoszek, Barbara Bonefeld, Loreene Zeno, Mary Kay Ryan, Jane Schmidt, Joan Moser, Susan Burkardt, Kathy Greis and Mary Beth Lippold.

Federation Meeting Held Here Saturday

An all-day Health and Welfare Federation meeting was held at the Escanaba Seventh-day Adventist Auditorium, 210 S. 23rd St. on Sunday, April 13.

Principal guest speaker of the Federation was Pastor J. Ernest Edwards, Washington, D.C., director of the Department of Lay Activities of the General Conference.

State Federation reports were given by Mrs. Barbara Ringer, Benton Harbor, State Federation President and Mrs. Lyla Patterson, Monroe, president of the S. E. Federation.

Upper Peninsula pastors in attendance were: L. A. Bierlein, Houghton and L'Anse; Harry Freese, Ironwood; Robert Wiese, Marquette; W. R. Alger, Iron Mountain; Henry Musgrave, Sault Ste. Marie; E. E. Herr, Wilson, and L. A. Pomeroy, Escanaba.

Mrs. L. A. Pomeroy, Escanaba, U.P. Federation president, was in charge of the program. A potluck dinner was served at noon.

Events

Washington PTA

Washington School PTA will meet Tuesday at 8 p.m. in the school multipurpose room. Thomas McDermott and Michael Mahon from the U.P. Mental Health Clinic will be the speakers.

TOPS Club

Silhouettes TOPS Club will meet in room 260 of the Junior High School this evening. Weigh-in will be at 7 followed by the business meeting. New members are welcome.

TOPS Mini-Mums

TOPS Mini-Mums will meet at 7:30 p.m. Tuesday at the civic center. New members are welcome. For more information call 786-1228 or 786-1545.

Women's Activities

GLADSTONE 4-H GIRLS will be modeling for the Extension Homemakers annual spring Tea to be held Tuesday, April 15 at the First Lutheran Church in Gladstone. The event will begin at 1:30 p. m. Pictured from left are, Betty Hendrickson, Home Extension member, and 4-H girls, Cindy Sjoquist, Lynn Madden, Mary Jo DeKeyser, Kathy Madden (4-H queen) Cindy LaFleur and Cheryl LaFleur. In front are Kim and Christie Matt, daughters of Mr. and Mrs. George Matt. (Daily Press Photo)

Births

LEONARD — Mr. and Mrs. Lyle Leonard of 1106 Washington Ave. are the parents of a son, their first child, born at 10:49 a.m. of April 11. The infant weighed 7 pounds and 8 ounces at birth and has been named Michael Allen. The mother was Phyllis Mattson.

SCHWEITZER — Mr. and Mrs. David Schweitzer of 1515 17th Ave. S. welcomed their first child, a daughter, Bethany Marie, at 9:38 p.m. on April 11. The infant weighed 4 pounds and 9 ounces at birth. Mrs. Schweitzer is the former Virginia Lake.

CRYDERMAN — At 1:58 a.m. on April 12, a son, Rodney Alan weighing 9 pounds and one ounce, was born to Mr. and Mrs. Russell Cryderman of Bark River Rte. 2. Mrs. Cryderman is the former Mary Ann Marble.

GRIESSER — A daughter, weighing 5 pounds and 8 ounces was born to Mr. and Mrs. William Griesser Jr. of Arlington Heights, Ill. on April 14. The mother is the former Katherine Frenchette, daughter of Mr. and Mrs. Earl Frenchette of Escanaba. Paternal grandparents are Mr. and Mrs. William Griesser Sr. of Arlington Heights.

The words chicory, hyssop, myrrh and saffron all were borrowed from Sumerian, an ancient language.

Plans Made For Annual Bridge Tourney

Duplicate bridge was played Saturday evening at the Elks Club and persons receiving 50 per cent or better were: Mr. and Mrs. Al Taylor, Mr. and Mrs. Clyde Lepisto, Cal Douck and Jean Bonefeld, tie; Fran Boyle and Bill Connelly, Mr. and Mrs. Ken Dufresne, Mr. and Mrs. Fred Swank, tie; Mr. and Mrs. Bob Pearson Sr., DeLores Turan and Helen Londo.

Plans were made for the annual Parson's Trophy tournament which will be held Saturday evening and Sunday afternoon, April 19 and 20 and Sunday, May 3. Defending champions are Mr. and Mrs. Harvey Needham.

The banquet will be held May 10 at the Elks Club and trophies will be awarded at this time. All interested bridge players are invited to participate in the tournament. For more information call Mrs. Al Taylor, 786-7354.

A routine document signed by George Washington is worth \$200, but his clipped-off signature may bring only \$50.

New Director

MINNEAPOLIS — Shareholders of Soo Line Railroad Co. have elected a new director and reelected 18 others.

The new director is George H. Dixon, president of First National Bank of Minneapolis. Gordon Murray, chairman of the Board of First National Bank of Minneapolis and a director of the Soo since 1952, was not a candidate for reelection.

Reelected to the Board were G. H. Baillie, Vice President (Retired) of Canadian Railway Company, Montreal; Judson Bemis, President of Bemis Company, Inc., Minneapolis; Joseph D. Bond, Executive Vice President of the Soo; G. Kenneth Crowell, Council to the law firm of Leibman, Williams, Bennett, Baird & Minow, Chicago; N. R. Crump, Chairman and Chief Executive Officer of Canadian Pacific; John H. Daniels, Chairman of the Board of Archer Daniels Midland Company, Minneapolis; H. Robert Diercks, Executive Vice President of Cargill, Inc., Minneapolis; Reuel D. Harmon, Chairman of Webb Publishing Company, St. Paul; F. T. Hefelfinger II, Executive Vice President of Peavey Company, Minneapolis; John Hjellum, Senior Partner of the law firm of Hjellum, Weiss, Nerison & Jukkala, Jamestown, N.D.; Thomas R. Klingel, Senior Vice President of the Soo; George W. Mead II, President of Consolidated Papers, Inc., Wisconsin Rapids, Wis.; Leonard H. Murray, President of the Soo.

Legionaires Seek Flags

August Mattson Post 71, American Legion, is planning to provide large American Flags where needed in Gladstone.

The Post has arranged for a flag pole at the Senior Citizens Apartment building and today issued an appeal to anyone having a large flag they would like to donate to contact Warren Brown at GA 5-7521.

The Post also would like to find suitable flags to be used at the Buckeye School and in other locations where needed. Legionaires said they would be happy to pick up flags and use them to the best advantage.

In Service

Staff Sgt. Bernard J. Newhouse, has graduated from the U.S. Air Force Senior Non-commissioned Officer Academy at Norton AFB, Calif. Newhouse, who received advanced military leadership and management training, is a weather technician at Custer Air Force Station, Mich. The sergeant attended Gladstone and Nahma high schools, graduating in 1936. His wife, Janice, is the daughter of Mr. and Mrs. Ivan Schafer of Nahma.

Army S. Sgt. Richard H. Finlan, 28, son of Mr. and Mrs. Lawrence Patrick, Mounted Rte. Gladstone, was assigned to the 6th Battalion, 84th Artillery, 41st Artillery Group, near An Khe, Vietnam, as a supply sergeant. His wife, Antoinette, resides at 746 1/2 N. 15th St., Gladstone.

Second Lt. Warren K. Louis, son of Mr. and Mrs. Earl H. Louis, 722 Superior Ave., Gladstone, has been awarded U.S. Air Force silver pilot wings upon graduation at Sheppard AFB, Tex. Louis is being assigned to MacDill AFB, Fla., for flying duty with a unit of the Tactical Air Command. A 1963 graduate of Gladstone High School, Louis attended Grand Rapids Junior College and Bay de Noc Community College. He received his B.S. degree in 1967 from Western Michigan University and was commissioned in 1968 upon completion of Officer Training School at Lackland AFB, Tex.

Homemakers To Hold Annual Spring Tea

A style show, exhibits, and information on the Mental Health Clinic will be the highlights of the Delta County Extension Homemakers Spring Tea which will be held Tuesday, April 15 at the First Lutheran Church, 1212 Minneapolis Ave., Gladstone.

Exhibits will be ready to be viewed at 1:30 p.m. This display of arts, crafts, and other hand work are projects of individual homemakers but will be exhibited by groups.

Michael Mahon will open the afternoon program with a brief talk on the services and functions of the new Mental Health Clinic.

An informal style show will feature garments made by mothers for themselves and children will model garments made for them. The Gladstone 4-H girls will also model garments they have made this year.

The Little Bay de Nocers, a Gladstone Extension study group, with Mrs. Norman Butler and Mrs. John McElhatten as chairmen, are in charge of the arrangements for the style show.

The afternoon will close with a tea. All area women are invited to join Extension Homemakers in this spring event.

Annual Parents Prom Set May 3

Holy Name High School Parents' Club will hold their annual Parents' Prom Saturday, May 3 in the high school multipurpose room.

Dancing will be from 9:30 p.m. to 1:30 a.m. and music will be furnished by Chet Marrier and his orchestra.

Reservations may be made by calling Mrs. Lester Ness Jr., 786-6113 or Mrs. Francis Corbett, 786-1843.

Michigan Welfare Costs Keep Soaring Upward

LANSING (AP) — Michigan's welfare costs are rocketing upward in an era of expanding employment, and experts agree they're likely to keep on climbing.

Combined state and federal aid will approximate \$500 million — a half-billion dollars — in the fiscal year beginning July 1.

Only education gets a larger slice of Gov. William Milliken's recommended general fund budget for 1969-70 than does "Social Services," as welfare assistance now is characterized.

Milliken proposes a state outlay of \$261.4 million, equal to 17.3 per cent of his general fund budget. The federal share of welfare programs roughly matches that of the state; thus the \$500 million estimate.

38 Out Of 1,000
One out of every 20 persons in Wayne (Detroit) County is on relief, and the U.S. Department of Health, Education and Welfare, (HEW) estimates about 38 out of every 1,000 persons in Michigan is receiving assistance of one form or another.

Medicaid — added as a relief category less than three years ago — is snowballing toward an estimated federal-state cost of \$207.3 million in 1969-70. It is expected to hit \$176.8 million in the fiscal year ending June 30.

BACKACHE & TENSION
SECONDARY TO KIDNEY IRRITATION
Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondly, you may lose sleep and have Headache, Backache and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYSTEX at drugists.

Aid to families with dependent children (ADC) is figured at \$117.3 million for the current year and is expected to hit \$145.0 million next year. By contrast, it cost only \$55.3 million in 1962-63 — just seven years ago.

On the other hand, two of the oldest relief categories — old age assistance and direct relief — have declined in costs.

But another, aid to the disabled, has grown from \$6.7 million in 1962-63 to an estimated \$22.5 million for the current year.

Aid To Blind
Aid to the blind has remained relatively static, from \$1.7 million in 1962-63 to \$1.5 million for each of the last three years.

Direct relief, the cost of which is shared by the state and counties without any federal matching, declined from \$40.8 million in 1962-63 to \$26.3 million last year, but is expected to swing back upward to \$33.4 million this year with an average case load of 19,000 per month.

Old age assistance, costing \$48.2 million in 1962-63 was down to \$32.2 million last year. With a 40,000 case load it is expected to cost \$33.7 million in the current year.

Michigan's payout for "social services" for the fiscal year ended last June 30 was figured by the Department of Health, Education and Welfare to be the equivalent of \$38.65 for every man, woman and child in the state.

Michigan's 15th
At that, however, HEW ranked Michigan 15th among the 50 states, with New York topping the list with \$102.35. Michigan's payout was below the national average of \$43.70 per capita, but above Illinois' \$36.10, Pennsylvania's \$33.25 and Ohio's \$26.15.

Michigan was ranked 21st in the average monthly payment per recipient of old-age assistance, with \$67.05; 15th in aid to the blind, with \$87.90; 14th in aid to dependent children, with \$45.15; and 20th in general assistance, with \$31.15 the monthly average per recipient.

Detroit Council Opposing Tax

DETROIT (AP) — Mayor Cavanagh's proposal to jump city property taxes \$3,038 per \$1,000 valuation is being opposed by two-thirds of his nine City Council members. Included is Council President Ed Carey.

Another part of his program for the fiscal year beginning July 1, to increase resident and nonresident income taxes by one-half of 1 per cent, also appears headed for trouble in the Council.

Carey, a 1969 mayoral candidate, is joined by Councilmen Mel Ravitz, William G. Rogell, Philip Van Antwerp, Nicholas Hood and Mary V. Beck in opposing a property tax rate rise to \$27.109, the legal limit.

This opposition, if successful, could carve a \$16 million hole in the mayor's 1969-70 budget of \$545.7 million.

YIPEE LEADER Abbie Hoffman of New York wears Chicago Police Dept. insignia on shoulder en route to arraignment in Chicago Wednesday. He drew interest of reporter on way to federal courtroom. Hoffman is charged with conspiring to cross state lines to cause civil disorders. (AP Wirephoto)

Livelier Oscar Program Tonight

HOLLYWOOD, Calif. (AP) — A new, streamlined Oscar? Director Gower Champion is hoping for that at tonight's Academy Awards, but he advises television viewers not to expect miracles.

The 41st awards of the Academy of Motion Picture Arts and Sciences are being presented in a new setting—the glittering music center in downtown Los Angeles.

The show also has a new director, Broadway hit-maker Champion, who has striven to rid the Oscar cast of its deadening tradition.

"I've tried to tighten up the show," said the director between last-minute rehearsals. "Instead of a host of presenters, the awards will be handed out by 10 stars we called 'the best friends of Oscar.' They will appear throughout the program and make the announcements alternately, instead of having one MC."

"Best Friends"
Oscar's "best friends" will be: Rosalind Russell, Frank Sinatra, Burt Lancaster, Ingrid Bergman, Walter Matthau, Natalie Wood, Warren Beatty, Jane Fonda, Diahann Carroll, and Sidney Poitier.

Champion has planned other innovations: no overture, no opening speeches, no substitute acceptors, except in the most important categories. Nor will there be any production numbers except to present the nominated songs. The singers are Si-

natra, Jose Feliciano, Aretha Franklin, Paula Kelly and Abbey Lincoln.

"But still," Champion cautioned, "we have 26 awards to hand out. That means naming five nominees in 26 categories and having 26 winners accept. That takes time."

Two Hours
Originally, he had hoped to limit the show to 90 minutes; now he expects it to run two hours, beginning at 10 p.m. EST on ABC-TV.

"And if the show goes any longer, I'll start cutting out awards," Champion warned.

Ceremonies in other years have usually lasted 2½ hours or more.

Best Stars
The races for best star performers of 1968 seemed wide open. And the nominees for best actor: Alan Arkin, "The Heart is a Lonely Hunter;" Alan Bates, "The Fixer;" Ron Moody, "Oliver!;" Peter O'Toole, "The Lion in Winter;" Cliff Robertson, "Charley;"

The race for best actress seemed close among all five nominees: Katharine Hepburn, "The Lion in Winter;" Patricia Neal, "The Subject was Roses;" Vanessa Redgrave, "Isabella;" Barbara Streisand, "Funny Girl;" and Joanne Woodward, "Rachel, Rachel."

Nahma

A well child clinic will be held at the Nahma Civic Center at 1 p.m. Thursday.

Mr. and Mrs. Francis Turek and children returned Monday from Romeo, Mich., where they visited at the homes of Mr. and Mrs. Robert Bingham and family and Mr. and Mrs. Jerry Cousineau and daughter.

Mary Gereau of Green Bay spent the Easter weekend at the home of her parents, Mr. and Mrs. Rudie Gereau.

Mr. and Mrs. Henry Sargent and family visited at the home of their daughter and son-in-law, Mr. and Mrs. Michael Groeau of Mayville, Wis. Rose Ann remained for a longer visit before returning to school at Marquette.

Mrs. William Hewitt of Grand Rapids is visiting at the home of her parents, Mr. and Mrs. Ed Tobin.

Visiting at the home of Victor Thibault Wednesday were Mrs. Josephine LaVigne and Mrs. Don Hoholik of Manistique.

Mr. and Mrs. George Blowers spent the Easter weekend in Anderson, Ind., where they visited with the Norman Blowers, Dennis Skehans, Virgil Alens, Linda French, John Heberts, Clyde Rigney and Bud Willoughneys. They also visited in Gary, Ind. with the Harold Blowers family, Mr. and Mrs. Loyal Archey and family and Joseph Szamansky of Hobart, Ind.

Mr. and Mrs. Joseph Labadie and family spent the Easter weekend visiting at the home of their daughter and son-in-law, Mr. and Mrs. Robert Boudreau and family of Milwaukee.

GOP To Act On Morton Selection

WASHINGTON (AP) — The Republican National Committee was called into session today to formalize President Nixon's selection of Rep. Rogers C. B. Morton as the man to put a touch of glamor in the GOP's political machinery.

The meeting to ratify the Maryland congressman as national committee chairman had even less suspense than last summer's Republican National Convention which picked Nixon as its presidential candidate over hardly any opposition.

Since a president traditionally picks the man he wants to direct his party's organization, Morton was unopposed, al-

though there has been back stage grumbling over the selection.

Replace Bliss

Morton was picked by Nixon to put more verve into the party organization, which has been run in recent years by Ray Bliss of Ohio, a self-proclaimed technician who shunned the political spotlight for the less exciting nuts and bolts operation of the committee. Some Republicans thought Bliss had been treated unfairly.

But Nixon, although praising Bliss for his role in nursing the party back to health after the near disaster of the 1964 presidential campaign, decided he needed a party director more attuned to modern political methods who also was an attractive campaigner.

The committee also had expected to hear Defense Secretary Melvin R. Laird talk about Nixon's proposed missile defense system, but he canceled because he said the President didn't want him involved in politics.

Postmasters

But the no-politics edict didn't apply to Vice President Spiro T. Agnew, who scheduled a luncheon meeting with the committee members, nor to Postmaster General Winton M. Blount, who had an opportunity to ask for support of an administration move to take politics out of the Post Office.

Nixon's directive that postmasters be appointed on the basis of merit rather than party has drawn criticism from some congressional Republicans who don't want to lose such a patronage plum.

Morton, who is keeping his seat in Congress, takes over the job at a time when the Democrats have shown signs of a quick recovery from the lack of organization that marked their 1968 presidential campaign.

Under the leadership of Sen. Fred Harris of Oklahoma, the Democratic National Committee has played a major part in defeating Republicans in two recent congressional races.

Perkins

Pvt. Brian Depuydt, son of Mr. and Mrs. Donald Depuydt, recently arrived for a tour of duty in Korea. He is stationed near Seoul.

Mr. and Mrs. James Vanitvelt Sr., of Orenville, Mich., visited recently with their son and family, Mr. and Mrs. James Vanitvelt, Jr.

Royal Neighbors

The Royal Neighbors meeting will be held April 29 at the home of Mrs. Eldon Sharkey.

Adoption

Mr. and Mrs. Hubert Schmitt of Auburn, Wash., announce the adoption of a son, David Joseph, born March 17. Mrs. Schmitt is the former Marie VanDamme of St. Nicholas. Mr. and Mrs. Jerry VanDamme are the baby's god parents.

23,000 Clubs

Maintaining its position as the world's largest service club organization, Lions International has announced the chartering of its 23,000th club. International President David A. Evans of Texas City, Tex., will officially welcome the Brook, Ind., Lions Club at its Charter Night celebration April 16.

Project Picks Area Teacher

Mrs. Clara Lang of the Escanaba Area Public Schools has been selected to participate in a special week-long training session for English specialists.

The session, known as "Project Message" and sponsored by the Michigan Council of Teachers of English, will give 40 English curriculum leaders from throughout the state additional background in improving English curricula.

Participants in the program will be brought together April 18-24 at Boyne Mountain Lodge to examine systems of evaluation, ways of writing instructional objectives, and techniques of helping others apply these skills to school programs in the state.

Nationally known consultants from many parts of the country will include specialists in English teaching and the writing of instructional objectives and evaluation. The program is funded by a grant from the U.S. Office of Education.

Local administrators have expressed an interest in the benefits that schools here may derive from the availability of Mrs. Lang to work with local teachers in the latest methods of curriculum construction and improvement.

The Escanaba Area Public Schools are presently engaged in a two year study program to improve the design and evaluation of our English programs, according to Luther M. Barrett, Supt. of School, and this opportunity to have a consultant trained especially in this important area of the curriculum should be a help in completing the study.

Tractor Kills

LEROY (AP) — A farming accident has claimed the life of an Osceola County man. Elmer Birker, 48, of Leroy, was killed Saturday when his tractor tipped over on him in a field in nearby Roselake Township, police said.

Phantom Polluter Still At Large

ST. CLAIR SHORES (AP) — The Phantom Polluter of Macomb and Oakland Counties is still at large.

The phantom has been making deposits of waste oil and paints in the two counties during the past several weeks. Last week, five new dumping spots were found.

The practice threatens to ruin streams and lakes in the area, authorities say. A state official estimated the trucker has unloaded about 200,000 gallons of oil and paint wastes in the past month instead of paying to use industrial incinerators or approved disposal sites.

The trucker apparently dumps the wastes in the middle of the night.

One of the more recent episodes polluted Sweeny Drain in Warren. Local and state authorities erected a dam to prevent pollution of the Clinton River.

"Had this dumping gone unnoticed and had there been a heavy rain, that oil would have ended up on the beaches, lake front properties and canals of St. Clair Shores," said John Agnello, chairman of the St. Clair Shores Water Resources Commission.

To tell the truth, you'll do just as well without a Sherman House credit card.

How can we tell a girl from Dubuque from the Maharajah of Kaipur? We don't bother. (Though carrying a doll can be a dead giveaway.) During your visit with us you'll be served by many of our staff of 1100. In your air conditioned room or suite; in the College Inn, the Well of the Sea, the Celtic Room, the Dome, the Coffee Shop, in our garage (we're downtown Chicago's only drive-in hotel). No one will care whether you have our credit card or some other, or none at all. At Sherman House there's only one kind of guest. Either way we give you credit for knowing a great hotel. Sherman House, Randolph-Clark-LaSalle, 312/FR 2-2100, Gerald S. Kaufman, President & Managing Director.

Eskymos Score Big In Marquette Meet

MARQUETTE — If the first meet of the season is an indication of things to come, Escanaba, Ontonagon and Rapid River appear to be the teams to beat in the 1969 track season.

The three schools finished in first place in the unofficial team standings in the 10th Annual Northern Michigan University Indoor Interscholastic Relays held Saturday at the university fieldhouse. Escanaba had 31 points in the Class A-B division, Ontonagon had 35 in Class C and Rapid River finished with 34½ in Class D.

Escanaba's Allen Berg was the top point getter for the Eskymos with four first place finishes while Gary Brawley helped out with another. Berg finished on top in the 65-yard high hurdles with a time .08:6; the 65-yard low hurdles, .08:05; the long jump, 19 feet 6 inches; and the high jump, 6 feet. Brawley's first came in the shot put with a toss of 47 feet one-eighth inch.

Dale Morin was a double winner for Rapid River, picking up first places in both the 65-yard high hurdles and the 65-yard lows. Other first places for the Rockets were turned in by Dan Safford in the long jump with a jump of 19 feet 7 inches and the 4-lap relay team with a time one minute and 20 seconds.

Seven records were either tied or broken in Saturday's meet in the three divisions. Dick Salani of Hancock broke two marks which he previously held in the Class C high and low hurdles. He ran the high hurdles in 8.4 seconds and the low hurdles in 7.9 seconds, both in the preliminaries. Other marks set were: Doug Schupp of Iron Mountain, 2:09.2 in the Class B 880-yard dash; Dan Floyd of Ontonagon, 2:09.9 in the Class C 880-yard dash; Jerry McNamee of St. Ignace, 10:54.6 in the Class C two-mile run; Dale Morin of Rapid River, .08:0 in Class D low hurdle preliminaries; and Maurice Evans of Republic, 10:45 in the Class D two-mile.

Unofficial team standings: Class A-B-Escanaba 31; Marquette 24; Iron Mountain 20; Calumet 19; Gladstone 16; Gwinn 15½; Holy Name 15; Menominee 13; Negaunee 10; Ironwood 8; Soo 6½ and Newberry 2.

Class C - Ontonagon 35; Hancock 32; Rudyard 30; Stephenson 27; L'Anse 17; Munising 16; Norway 11; St. Ignace 8 and Houghton 4.

Celtics Edge Knicks; Take Edge In Series

BOSTON (AP) — Success breeds confidence—and the Boston Celtics are loaded with both ingredients in quest of an 11th National Basketball Association championship in 13 years.

However, the Celtics are not taking anything for granted, despite a 3-1 advantage, in heading into the fifth game of a best-of-seven series with the New York Knicks in the Eastern Division's final playoffs.

"There's still one to go, you have to win four," was the Celtics' warning cry as they took off for New York in hopes of winding up the series tonight in Madison Square Garden.

Boston's mighty defense, led by Player-Coach Bill Russell, was the difference as the Celtics edged the Knicks 97-96 Sunday before a crowd of 13,506 and a national television audience.

Los Angeles also took a big step toward the title series by nipping Atlanta again by two points, 104-102 on the West Coast for a 2-0 lead in their best-of-seven Western Division final set.

Johnny Reagan's 10-foot jumper with 18 seconds to go brought the victory as the teams head to Atlanta for the next two games Tuesday and Thursday.

Wilt Chamberlain ended Atlanta's last hope by blocking Zelmo Beaty's shot in the final seconds.

Leading 95-94, the defending NBA champion Celtics threw up a tight defense in the last 25 seconds.

The Knicks brought the ball into play, intending to have Walt Frazier take a shot. However, Frazier, confronted by John Havlicek, couldn't find shooting room and passed to big Willis Reed at the free throw line.

Reed didn't have any room either as he turned to face Russell. His forced shot was short and the ball went out of bounds off a Knick.

"We expected the ball to go to Frazier," Russell said. "We decided to take Sam Jones out, put Havlicek on Frazier and sent in Satch Sanders to cover Bradley. Havlicek did a tremendous job on Frazier. It was a key defensive play."

New York then fouled former Knick Emette Bryant with six

Class D - Rapid River 34½; Pickford 32; Wakefield 26; Channing 21½; DeTour 19; Bishop Baraga 13; Cedarville 6; Engadine 6; Dollar Bay 5; Ironwood Catholic 5; National Mine 5; Republic 5 and Painesdale 2.

Baltimore Hurlers Stop Howard; Sweep Twinbill

By The Associated Press
Seattle's Sicks' Stadium suddenly became a health spa for the ailing Chicago White Sox, but a visit to balmy Baltimore was not what the doctor ordered for Frank Howard and the Washington Senators.

The White Sox, beaten convincingly in their first two meetings with the American League's Seattle expansion club, bounced back Sunday with a barrage of five home runs and fanned the Pilots 12-7.

At Baltimore, right-handers Jim Palmer and Tom Phoebus combined to strike out Howard six times and hurl the Orioles to 2-0 and 9-0 victories over the stricken Senators.

Elsewhere, Boston trimmed winless Cleveland 3-1, Detroit cuffed the New York Yankees 6-2, Minnesota shaded California 5-4 and Kansas City divided a doubleheader with Oakland, winning the opener 4-1 before bowing 3-0.

Pete Ward and Bill Melton socked successive first inning homers for the White Sox and Woodie Held and Don Pavletich also cleared the friendly left

field fence—305 feet down the line—at Seattle. Gail Hopkins completed the assault with a right field blast as Chicago doubled its total run production in four previous games.

"No doubt there are going to be some home runs in this ball park," White Sox manager Al Lopez understated after the slugfest.

"Good pitching will hold anybody," countered Joe Schulz, the Pilots' pilot, pointing to his club's 7-0 and 5-1 victories over the Sox Friday and Saturday.

The only good pitching Sunday came from Chicago reliever Wilbur Wood, who blanked the Pilots from the fifth to the ninth, when he was tagged for homers by Tommy Davis and Jose Vidal.

Palmer, who had not pitched for Baltimore since Sept. 19, 1967, because of recurring shoulder trouble, fired a four-hitter in the Orioles' first game victory, striking out Howard four times.

Phoebus then spun a two-hitter, getting Howard on strikes twice, as the Orioles blanked the Senators for the third straight game. Dave McNally

had shut them out 9-0 Friday night.

Frank Robinson's third homer, a two-run shot off Joe Coleman, decided the opener. Paul Blair and Merv Rettenmund homered in the nightcap.

Howard, who drilled four home runs in Washington's first three games and hit nine against the Orioles last season, went 1-for-14 in the four-game series, fanning eight times. He came into Baltimore batting .357 and left with a .214 mark.

Lee Stange scattered eight hits against his former Cleveland teammates and Rico Petrocelli and Reggie Smith homered as the Red Sox pinned a fifth straight loss on the Indians, the only winless team in the majors.

Harmon Killebrew slammed a tie-breaking eighth inning homer, carrying the Twins past California for their first victory in five starts.

Jim Nash's three-hit pitching and homers by Reggie Jackson and Dick Green earned Oakland a split with Kansas City after Mike Fiore's first major league homer and three unearned runs gave the Royals the opener.

Chicago rallied to beat Montreal with Ernie Banks' two-out, bases-loaded single driving in the winning run in the ninth inning. Mack Jones drove in four runs for the Expos, three of them with a home run. Montreal scored five unearned runs with the help of two errors by Don Kessinger, but it was Kessinger's ninth inning double that kept the Cubs' winning rally alive.

Phil Niekro pitched a four-hitter and scored the only run of the opener as Atlanta shut out Cincinnati. Niekro, who struck out nine, opened the eighth inning with a single and came around when Tony Cloninger walked Hank Aaron, Orlando Cepeda and Cleve Boyer.

Cepeda's eighth-inning homer tied the nightcap and then Felipe Alou, who had a two-run homer earlier, singled home Sonny Jackson with the Braves' winning run in the ninth.

Houston ended a five-game losing streak by whipping Los Angeles with all the Astro runs coming on homers. Denis Menke, Doug Rader and Jim Wynn all connected with Rademeyer's shot, a three-run job. Don Wilson pitched a five-hitter to pick up the victory.

Willie McCovey stroked his third homer of the year and lifted his runs batted in total to eight in six games as the Giants whipped San Diego. Hal Lanier had three singles and drove in two runs for the Giants, who got five-hit pitching from Gaylord Perry.

Relief pitcher Hoyt Wilhelm, now with the California Angels, will be 46 years old next July. He hurled 94 innings with the Chicago White Sox in 1968.

Montreal Nips Boston In NHL Playoff Tilt

BOSTON (AP) — "Have these guys got some kind of hex on us, or what?"

Milt Schmidt, Boston Bruins' general manager, shook his head in disbelief after his club dropped its second overtime playoff contest to the Montreal Canadiens.

The Canadiens added a 4-3 overtime triumph Sunday afternoon on national television to their 3-2 overtime victory Thursday to take a 2-0 stranglehold on their best-of-7 Stanley Cup East Division final series, which moves to Boston Thursday and Sunday.

Center Ralph Backstrom was the overtime hero Thursday and Sunday it was right wing Mickey Redmond on a power play with Ted Green serving a penalty.

In the West Division, Los Angeles won its semifinal series against Oakland, 4-3, with a 5-3 victory over the Seals at Oakland. The Kings now go against St. Louis in the best-of-7 division final.

Ironically, Redmond said he did not see the shot that beat Boston netminder Ed Johnston, in his first National Hockey League playoff game after seven seasons in Bruins' livery.

"I didn't see the most important goal of my life," Redmond said.

He had his stick jammed in front of his legs as he was acting as a screen against Johnston. Defenseman Serge Savard's point shot deflected off Redmond's stick into the Boston net.

"I had a bean on the puck," Johnston said. "But it was low. I had it. But it changed direction after it hit Redmond and Don Awrey's sticks, which were crossed. It came up over my left shoulder before I had a

Tigers Down Yanks; Begin 10-Day Trip

DETROIT (AP) — There was a party at Tiger Stadium Sunday.

Starting pitchers for Detroit and New York had a wild time. But Stan Bahnsen got too high too soon and spoiled the fun for the Yankees.

Both Detroit's Joe Sparma and Bahnsen had a hard time finding the plate, but the Tigers took their cue first and jumped on Bahnsen for three runs in the first inning and went on to win 6-2. The victory salvaged the last game of the three-game Yankee series for the Tigers and gave them a 3-2 season record to take with them on a 10-day road trip that begins Tuesday in Cleveland.

Sparma walked eight batters but continually escaped serious trouble. Bahnsen walked five but didn't escape the damage.

"Stan wasn't as good as usual," said New York Manager Ralph Houk afterwards. "He didn't seem to have real good rhythm."

"I'm wild and high," said Bahnsen, 1968's Rookie of the Year. "I can't seem to get in the groove. I'm consistently high. I'll just have to adjust to the (lower) mound."

The pitchers' mound this season has been lower as one of

the major leagues' steps to make things harder for the pitcher and easier for the hitter. Only one man hit more than .300 in the American League last year.

Sparma worked 6 2-3 innings before usual starter Mickey Lolich relieved him and was credited with a save. New York trailed 6-1 at the time but had started to rally with a pair of walks.

"I never went more than six innings in spring training," Sparma said. "I was getting pretty tired. I threw a lot of pitches."

"Actually, I probably pitched about 11 innings worth today," he laughed.

"He threw the ball pretty good," said Detroit Manager Mayo Smith. "I used Mickey in relief because he's going in the service and this gave him extra work."

Lolich has two weeks of National Guard duty starting April 19.

Dick McAuliffe led off the first inning for Detroit with a single then was thrown out on a fielder's choice with Stanley safe at first. Then Al Kaline unloaded his second home run of the year into the upper deck in left field to put the Tigers ahead 2-0.

After Norm Cash singled, Willie Horton grounded out, then Jim Northrup, Bill Freehan and Don Wert all walked to bring in the third run.

Sparma walked three Yankees in the second but a double play got him out of the jam. New York got its first run in the sixth when Bill Robinson walked and scored on a double by Jake Gibbs as McAuliffe held the relay from the outfield just long enough to let the run score.

"I just hesitated," he said. "It was my fault. But they were down six runs and I didn't think they would send him home."

County Board To Adopt Budget

A tentative 1970 budget will be adopted by the Schoolcraft County Board of Supervisors when they meet Tuesday at 10 a.m. for their annual spring meeting.

The Supervisors will hear a 1969 tax equalization report and also reports on the airport expansion proposal, the Alger-Schoolcraft Health Unit, the county extension committee, and a financial report from county treasurer William Cowman.

Other agenda items include action on a resolution regarding the county's Overall Economic Development Plan and discussion on financial support to the Central Upper Peninsula Economic Development District (CUPEDD) organization. A report on the proposed Doctors Medical Center site is also programmed.

Pleads Guilty To Drunk Driving

Michael Courmay, Rte. 1, Manistique was ordered to pay a total of \$40 in fines and costs when he was found guilty by Judge Charles A. Stark on two traffic violations in District Court Friday.

Courmay, who pleaded not guilty to charges preferred by Manistique Public Safety officers on March 1, was ordered to pay \$10 and \$5 for defective brakes and \$15 and \$10 for failure to yield the right-of-way.

LeRoy Vertz, 323 N. Maple, pleaded guilty in District Court to driving while under the influence of intoxicants and was fined \$60 and costs of \$40. His driving privileges were suspended for an indefinite period.

Gerald F. Weber, 18, Rte. 1, Manistique, pleaded guilty to being a minor in possession of intoxicants upon complaint of Michigan State Police. Judge Stark set sentencing for April 21.

Three Appointed To Jury Board

Gov. William Milliken has notified Circuit Judge George S. Baldwin of the appointment of three Schoolcraft County residents to the County Jury Board for terms commencing Apr. 30, 1969.

Robert Hewitt, 608 Park Ave., has been appointed for a six year term; Mrs. Doris VanEyk, R.R. Box 248, to a four year term; and Mrs. Jean Hollenbeck, 221 Maple St., for a two year term.

Hospital

Admitted to Schoolcraft Memorial Hospital on Friday were Anna Dupont, Cora Gray, Mary O'Brien, Sharon Duquette and Phyllis Hickey.

Discharged were Brenda Rosenthal, Susan Maxwell and David Johnson.

Jennifer Mae Patz Weds Robin Beaudry

Jennifer Mae Patz and Marine Pfe. Robin L. Beaudry were united in marriage in a candlelight ceremony performed March 29 at the First Baptist Church in Manistique.

Rev. Roy Pitts officiated at the four o'clock double-ring rites which united the daughter of Mr. and Mrs. Norman Patz, 316 N. Houghton Ave., and the son of Mr. and Mrs. Fred Beaudry Sr., of Marquette.

The bride, given in marriage by her father, wore a white sculptured velvet A-line floor-length gown with empire waist, which she made. Her four-tier illusion veil was attached to a seed pearl crown-of-hearts headpiece, designed and made by the bride's mother. She carried a cascade bouquet of red roses.

Miss Luana Peterson of Chicago was maid of honor and Frances Middaugh of Manistique was bridesmaid. They wore sleeveless red velvet empire waisted A-line gowns with matching petal hats and carried cascade bouquets of white roses.

Mrs. Patz attended her daughter's wedding in a royal blue sheath costume with matching accessories. Mrs. Beaudry chose a beige lace sheath coat dress with matching accessories and lime green hat. Both mothers wore orchid corsages.

Attending the bridegroom were his brothers, Raymond Beaudry as best man and Fred Beaudry as groomsman. Murray Patz of Sheboygan, Wis., and Michael Holm of Marquette were ushers.

Mrs. Maurice Fagan was organist and accompanied Miss Maureen Fagan who sang during the ceremony.

A wedding tea in the church parlors followed the ceremony with an open Bible cake, rose decorated petit fours, Groom's cake, tea, coffee and punch served the 200 guests attending.

A 6:30 reception was held in the Eat Shop Banquet Hall which was decorated with red and white bells and streamers.

MANISTIQUE

KATHY MOFFAT, Debbie Gorsche and Pearl Shaffer were busy Friday during the "March of Pennies" event at their station in the downtown business district. The girls were part of teams of DeMolays and 4-H'ers who competed to collect the most money for the CBC Drive. Over \$500 was raised from 10 a.m. to 8:30 p.m. CBC hopes to achieve a \$6,000 goal before May 1. Rev. Roy Pitts and Father Daniel Zaloga are co-chairmen of the fund-raising drive which will benefit Cancer, Bay Cliff and Crippled Children. (Daily Press Photos)

Crafts Exhibit, Conference Set At High School

The community of Manistique will host the 10th Annual Upper Peninsula Crafts and Native Industries Exhibit and Conference Saturday, April 26.

The Manistique Art Club and the Manistique Public School Community School Program are making arrangements for the Exhibit and Conference at Manistique High School.

The conference is sponsored by the Upper Peninsula Crafts Council with the assistance of colleges and universities which operate extension services in the Upper Peninsula and the Upper Peninsula Committee for Area Progress (UPCAP). Major emphasis at the conference this year will be on demonstrations of various crafts such as weaving, rug weaving, silk-screen process, acrylic painting, woodworking, wood carving, rosemaling, rug hooking, and lapidary work.

Keynote Address

The conference will be opened in the morning by Ted Hulstrom who is president of the U.P. Crafts Council. Keynote address will be given by William M. Roberts of the West Virginia State Dept. of Commerce and founding member of the West Virginia Artists and Craftsmen Guild. His talk will be on the subject of "The Arts and Crafts in Appalachia - Stimulant to the Economy of the Region." He will also show slides and a film of the crafts in the Southern Mountain Region.

A roving team of consultants consisting of Roberts, Michael Church, Assistant Director of Cultural Activities, University of Michigan Extension Service, Ann Arbor and Professor Marvin Zehnder of the Art Department of Northern Michigan University will be available for the evaluation of exhibits upon request of craftsmen.

Theme of the exhibit is "Blue Waters" and many craftsmen will be exhibiting crafts to conform with this theme.

Exhibits Listed

Program of the conference will open at 10 a.m. but the gymnasium of Manistique High School will be open at 7:30 a.m. for registration and preparation of exhibits. The exhibit will close at 5:00 p.m.

Special exhibits will consist of the following: Best of Michigan Crafts, sent by the Michigan State Council for the Arts, Detroit. Craft items from the Southern Mountains furnished by William Roberts; Crafts Book Exhibit, arranged by Manistique Public Library and the U.P. Branch of Michigan State Library, Escanaba; Paintings, Manistique Art Group; Craft items to sell between \$1 and \$5 arranged by Peter Grieves, Michigan State University Luce County Agent, Newberry.

Richard Bonifas, Community School Director for the Manistique Public Schools is the chairman of the conference committee and in charge of local arrangements.

Debate Ordinance On Dividing Lots

An Ordinance to regulate the partitioning and dividing of lots, outlots and other parcels of land in recorded plats will be introduced tonight when City Council meets at 7:30 p.m. in council chambers of the City Hall.

Other agenda items include consideration of the renewal of the Yacht Club lease.

STARS YOU SEE

Your position on the earth is the factor which determines which stars you see. If north of the equator, you see only stars of the northern sky; south of the equator, stars of the southern sky.

Briefly Told

Central, Hiawatha, Fairview and Doyle schools hot lunch menu for Tuesday, April 15, will be pasties, buttered beets, home made caramel rolls and orange juice.

The Schoolcraft District of Michigan LPN Association will meet at 7:30 p.m. Tuesday, April 15, at the home of Mrs. Leo Thomas, State Road.

Three speeding tickets were issued by state police on Friday. Cited were Robert R. Ashworth, Livonia; Glennis L. Gilchrist, Jackson; and James J. Johnson, Dearborn.

Everett J. Kane, 70, St. Croix Falls, Wis., struck and killed a deer at 1:30 Friday afternoon on U.S. 2, near the M-77 Junction, state police report. Officials of the Department of Natural Resources were notified. No tickets or personal injuries were reported by troopers.

Theron Southard is a patient at Methodist Hospital, Rochester, Minn., and may be addressed care of Room 872-A.

At the deepest part of the ocean, the pressure is nearly seven tons per square inch—almost a thousand times the atmospheric pressure on the surface.

LAKE MICHIGAN temporarily claimed this 1957 Buick Wildcat which was being used as a "dunes buggy" by Kenneth Tufnell Jr., 17, son of the Kenneth Tufnells of W. Elk St., Manistique, when it became stuck in the beach sand of Lake Michigan about four miles from Manistique. For some mysterious reason the car moved farther into the lake between Wednesday and Friday, when it was hauled out. (Escanaba LaButte Photo)

Tiger Tales

By The Associated Press
First baseman Norm Cash made three unassisted plays Sunday in Detroit's 6-2 win over New York. He made three other fielding plays, throwing to the pitcher for the outs.

"I should charge those more," he said of the many grounders hit his way. "It makes the pitcher cover when I don't do that and the runner has an extra step."

Cash had a good day at the plate, hitting two singles, knocking in a run and scoring twice.

Mickey Lolich will spend two weeks on National Guard duty in Savannah, Ga., beginning April 19.

"I'll be working out with the Washington and Chicago White Sox farm teams while I'm down there," he said.

Tiger Manager Mayo Smith said Lolich would start Thursday against Cleveland rather than in his regular rotation spot Tuesday.

"That way he won't have as long a span away from pitching while he's in the National Guard," Smith said.

Sign of the times? — Paul Simon of Simon and Garfunkel, notable young singing pair, will throw out the first ball as the Yankees hold their home opener Tuesday against Washington.

The Tigers will be on the road until April 25 when they open a home stand against Boston.

Western Splits League Twinbill

KALAMAZOO (AP) — Western Michigan University had to settle for a split of its Mid-American Conference doubleheader with Miami of Ohio.

The Broncos ran their overall season record to 12-5 Saturday, winning the first game 3-2 and losing the second 4-3. Western's MAC record is 2-1 while Miami's is 2-2.

The game was tied 2-2 in the ninth when the Broncos pushed across the winning run on Harry Shaughnessy's single, a wild pitch, fielder's choice and a single by Scott Kempe. Western rallied for two runs in the final inning of the nightcap but it wasn't enough to overcome Miami's four runs.

Spartans Down Detroit Twice

DETROIT (AP) — Michigan State has pushed its baseball record to 10-5 with a pair of weekend victories over the University of Detroit.

Spartan hurler Dan Bielski held the Titans to one hit while MSU got six extra base hits and the Spartans won the opener 10-2.

MSU took the nightcap 2-1 as Rich Miller made a diving catch of a sure home run to deep center to save the game in the sixth when two Titan players were on base. The loss left Detroit with a 3-2 record.

Prescription Offered For New U.S. Politics

DETROIT (AP) — A controversial Georgia legislator offered his prescription this weekend for a healthy political structure in America.

Politics has to develop a new kind of thrust, "a thrust that makes it more democratic—with a small 'd'—including more groups of people and (which) tries to speak more directly to their problems," said Julian Bond who was the featured banquet speaker Saturday in an issues conference of the New Democratic Coalition of Michigan.

"There has got to be built in this country," the Georgia state representative said, "a new kind

Pile Treatment Works Wonders For California Couple

Treatment Shrinks Piles, Relieves Pain In Most Cases

Sacramento, Cal. Mrs. C. Arnold of this city reports: "I can't contain myself any longer to write you about wonderful Preparation H for hemorrhoids. My husband has also been using same and it's doing wonders for him."

(Note: Doctors have proved in most cases—Preparation H® actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced. There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

of political movement that includes all of the unrepresented people, poor people, black people, Spanish people, American Indians, poor white people."

Bond deplored what he described as indications the Nixon administration would not take much interest in civil rights matters.

"I believe most people in this country who believe in equal opportunity are still waiting to be shown," Bond said in answer to newsmen's questions. They want Mr. Nixon to demonstrate he's got some concern in that area—and he hasn't done so thus far."

Other speakers at the conference included Sen. Philip Hart, D-Mich.; Rep. John Conyers, D-Mich.; State Sen. Roger Craig and Coleman Young; and Zoltan Ferency, former Democratic state chairman and the party's candidate for governor in 1966.

The New Democratic Coalition of Michigan is primarily a confederation of party members who supported Minnesota Sen. Eugene McCarthy or the late Sen. Robert Kennedy for the 1968 presidential nomination.

Sen. Hart suggested in his address that negotiations should be started immediately with Russia in an effort to limit nuclear weapons. He said there may never be a better time for such talks.

"I do not pretend that the talks will be easy," he said. "Nor do I promise that they will succeed—but we should not let this opportunity pass unexplored."

Congress has made no provision for insurance on any public building.

Separatists Plan Unity Rally

DETROIT (AP) — The black separatist Republic of New Africa (RNA) has announced a unity rally will be held Friday at which the principal speaker will be Bahiyah Betty Shabazz, widow of slain black militant leader Malcolm X and the RNA's second vice-president.

Purpose of the rally is to "chart a future course" for Detroit Negroes and raise money for persons wounded and arrested in a March 29 gunfight with police at Detroit's New Bethel Baptist Church.

The money will be used to pay medical bills and legal expenses of persons charged in the incident.

RNA citizen Alfred Hibbitt, 38 is held under \$23,000 bond on a charge of assault with intent to kill in the wounding of Patrolman Richard Worobec, 28, outside the New Bethel Church.

Police are seeking RNA "citizen" Rafael Viera, 20, an RNA citizen, of Puerto Rican descent from New York, in the killing of Worobec's partner, Patrolman Michael Czapki.

The Friday rally was announced by Richard Henry, RNA minister of the interior, who calls himself Brother Imari.

A Doctor Shows How To

Bathe away aches and pains

in your own bathtub

by Richard Estrin

A LEADING New York Physician has discovered a way to turn an ordinary tub of hot water into a relaxing, soothing, satisfying Mineral Bath. Imagine what this means to those who suffer the nagging aches and pains that are so often associated with over-exertion and fatigue.

Many who have tried this new discovery give glowing reports of how they now "soak away" much of the agony of knotted muscles and stiffness right in their own bathtubs — just as though they were bathing at one of the world's famous Mineral Springs. In fact, millions of people who have been travelling to distant Health Spas for pain relief — on the advice of their physicians — may soon be saved this bother and expense. Thanks to this new triumph in medical chemistry, they may find that they can enjoy the often comforting benefits of true mineral bathing in the snug convenience of their own homes.

Here's how it all came about

A curious doctor was puzzled by the fact that Medical Science has never been able to tell why certain Natural Springs so often gave quick alleviation of physical suffering. He decided to analyze the water of these Springs and find out what Nature put in them to make them different. He discovered that they were rich in certain carbonates, sulphates, iodides and chlorides of Lithium, Potassium, Magnesium, Iron and other medicinal minerals. Could it be, he asked himself, that the secret lies in these minerals? In order to find the answer, he had a chemist compound them into a water-soluble concentrate which patients suffering from minor aches and pains could use in their baths.

I was one of the many who tried it. For months I had been annoyed by nagging muscular aches and a twinging pain in my elbow. Even though skeptical, I was eager to test this doctor's new formula. I would have tried anything that offered any hope at all of easing my discomfort.

"It is called BATHERAPY," he told me. "You simply add a handful or two of green crystals to a tub of moderately hot water, then let yourself soak in it for about 20 minutes. Mind you, this won't cure aches or pains — but it may give you welcome temporary relief from pain." I'll always remember that first BATHERAPY bath! I had hardly let myself sink into the tub when something wonderful began to happen. A deep, penetrating warmth seemed to course

through my body. It was as though the liquid mineral heat were actually massaging my frayed and tortured nerves. In a few minutes an indescribable feeling of relaxation crept over me. I felt as though my whole body were being caressed by the soaking sunshine of Spring. It was an experience I'll never forget — and one that I often repeat!

To share my good fortune, I sent a package of BATHERAPY to a friend. He wrote me:

"Now, when my aches get unbearable, I simply get in my tub and let a BATHERAPY bath soak them away! It's like taking a Mineral Bath at one of those European Spas you read about — but I bet even they can't match the blessed relief my own tub now gives me."

Available to Hospitals and the Public

As this is being written, BATHERAPY is being made available to hospitals everywhere — and to the public through this announcement. Already thousands are enjoying its benefits. Yet BATHERAPY does not help everyone. Unfortunately, there are some people who are constitutionally unable to respond even to Nature's own Mineral Baths. If you, however, are among the millions who suffer from minor aches and pains — or from the tensions and fatigues of modern living — ask your doctor about BATHERAPY. If he thinks it might help you, by all means try it. The chances are you'll find its soothing, cushioning, pain-softening action will give you surprising relief from minor discomforts and a feeling of well-being that may last for quite a little time.

Nothing Else Like It!

Even if you are fortunately free of any bodily discomforts, you'll find a bath with BATHERAPY is a delightful and rewarding experience . . . A wonderful sensation of physical freedom envelopes you. Tensions unwind. Nerves are soothed. And you relax so blissfully, you sleep as though you hadn't a care in the world . . .
